REDUCTION PROPOSED

Fire Commissioners Talk Over the Necessity For Radical Retrenchment.

THE MAYOR TALKS

President McGregor Suggests a Number of Changes-- To Meet Tonight.

The fire commissioners, the mayor and the city treasurer discussed retrenchment last evening. No agreement was arrived at and an adjournment to this evening was taken.

The mayor was called on to address the board and gave his views. He told the commissioners that it had been his idea that a reduction of \$20,000 could be effected. A small reduction would not do. Unless strictest retrenchment was inaugurated, there would be bankruptcy. The city would then be forced to pay its employees in city orders, which would mean the entire hotel and city treasury would be bankrupt.

City Treasurer Voss, at the request of the mayor, then informed the board that the fire department fund is behind \$30,000 this year. The total falling off for this year thus far in the collections for all funds is \$10,000, Mr. Voss stated.

The mayor supplemented this statement by remarking that the falling off of \$10,000 is due in a large measure to the law passed June 1, 1896, without penalty. Naturally, payments were deferred as long as an extension of time could be obtained.

Commissioner Randall suggested that a mass meeting be held in the council chamber to get an expression of public sentiment on the matter.

Commissioner McGregor could not see the good of a mass meeting. The money was not in the treasury and a mass meeting would not raise it, unless those who attended it would pledge themselves personally to pay it. Mr. McGregor then disclosed a plan by which \$12,500 a year could be saved, with the reduction already effected, would make an aggregate annual saving of \$20,000. His scheme contemplated dispensing with eighteen men, a hose cart, and cart.

Mr. McGregor's plan was as follows: Discontinue fire hall No. 3, at Fourth avenue east and Sixth street, laying off six men; to discontinue with the two fire wardens, a wagon maker and painter, and to lay off men at other halls as follows: One at No. 4; 2 at No. 6; 2 at No. 8; 3 at No. 10; 2 at No. 12; 2 at No. 14; 2 at No. 16; 2 at No. 18; 2 at No. 20; 2 at No. 22; 2 at No. 24; 2 at No. 26; 2 at No. 28; 2 at No. 30; 2 at No. 32; 2 at No. 34; 2 at No. 36; A GREAT SUCCESS!

Our great Sweeping Sale has been the talk of the town today. Such values were never offered before. Do not fail to get in on it.

The small sizes of Men's \$5, \$6 and \$7 Shoes are selling fast at \$1.69

DULUTH

218 WEST SUPERIOR STREET.

PERSONALS.

Mrs. Hopworth, stenographer of the municipal court, has returned from a three weeks' stay at Lake Manitoba in Manitoba, Canada.

J. M. Fowler, wife and daughter, of Lafayette, Ind., are stopping at the Spaulding hotel. Mr. Fowler is president of the Fowler National bank of Lafayette, with which W. C. Sherwood was for many years connected.

Miss Marie K. Yahnke, after a pleasant two weeks' visit with friends here, returned to Chicago this afternoon.

Mrs. T. H. Lyles, of St. Paul, is the guest of Mr. and Mrs. J. N. Ritchie.

Fred A. Scoville, for a number of years connected with the Great Eastern, left this afternoon for San Francisco, where he will make his future home.

P. H. Kiwanis, of St. Paul, United States surveyor general for Minnesota, was in the city yesterday.

Leon and Henry Schotsmans, of Sedan, France, were on the board of trade last night.

Miss Bradley and her friend Miss Phillips, of Amsterdam, N. Y., left today for Red Wing, where they will visit for a week.

E. A. Coffin left today for San Francisco to attend the National Letter Carriers' association meeting.

Madame Cookley, Duluth's fashionable milliner, returned this morning from New York, where she spent the past month purchasing fall and winter stock for the millinery department of the J. E. Powers dry goods store. Accompanying Madame Cookley on her return was Miss Davidson, who has been head trimmer for a leading New York millinery store, and will hold a similar position in the J. E. Powers store.

J. H. Armstrong, general attorney for the St. Paul & Duluth road, came up from St. Paul this morning and registered at the Spaulding.

C. D. O'Brien, of St. Paul, who has been putting in the summer at the Brule, arrived in the city this morning on his way home.

R. E. Cline, of Ashland, is among today's arrivals at the St. Louis.

I. A. Wilson, of St. Paul, is at the St. Louis.

Andy Gowan, of Chicago, is in the city, a guest at the St. Louis.

J. A. Brown and Charles C. Haupt, of Fergus Falls, are among today's arrivals at the Spaulding.

F. McDonough, the well known manufacturer of Eau Claire, Wis., is a guest at the Spaulding.

G. H. Steiner, a Chicago lumber buyer, is in the city, a guest at the Spaulding.

Dr. W. W. Richardson came down from Soudan this morning and registered at the Spaulding.

H. G. Sillity, of Bismarck, is in the city, a guest at the St. Louis.

Oliver Dalrymple, the bonanza wheat farmer, came up from St. Paul this morning and registered at the Spaulding.

Rev. Dr. Salter is reported as somewhat better today. He is still confined to his bed, however, and is not expected to be out before next week.

John M. McCintock has returned from a visit in Cincinnati.

IT IS ANDREW LUNDGREN.

Identity of the Man Struck By a Train.

The man who was found near the St. Paul & Duluth tracks at West Duluth this morning, an account of which is given in the West Duluth column, with a fractured skull, and who is supposed to have been struck by a passing train, is the person who was arrested at Lakeside for frightening two little girls at Cambridge street and Forty-fourth avenue east, day before yesterday. He gave his name as Andrew Lundgren and is said to live somewhere in Carlton county. As the girls did not appear against him yesterday morning, he was discharged by Judge Edson.

When he was released, he at once started for the West End, and it is thought by the police, was trying to steal a ride on an outgoing train when he was hurt.

CITY BRIEFS.

Cullum, dentist, Palladio, Phone No. 9, Spaulding cigar, W. A. Foote.

The park commissioners at their meeting yesterday afternoon decided to stop all work in the park, owing to lack of funds in the city treasury.

A meeting of the Humane society was called for 4 o'clock this afternoon at Secretary Middlecott's office for the purpose of electing an executive agent.

The petition for the appointment of a charter board will probably be presented to the judges of the district court this week.

The fire commissioners have accepted an invitation of the department to take part in the Labor day parade.

There will be a raffie for an "Andrea Bocca" at Swain's Cigar store tonight.

The receipts of the municipal court for August in fines and fees amount to \$248.21.

The evidence in the case against M. J. Davis and C. Melby, members of the Ice firm of Davis & Melby, are charged with peddling domestic ice from a wagon not bearing the words "domestic ice," was taken before Judge Edson yesterday afternoon. The case was adjourned to tomorrow afternoon for argument.

Fat Scott and James Marlow went up this morning for ten days for drunkenness.

The following births have been reported to the health department: A son to Abraham and Ellen Waldfred, of Highland Park; a daughter to A. W. and Sophie W. Swanson, of 1000 avenue north; a daughter to Peter and Annie Thompson, of 230 West Sixth street; a son to P. and Mary Gross, of 317 East Second street.

The people of New Duluth and campers along the St. Louis river are happy over the fact that they are to have ferry service to Duluth. A boat will leave New Duluth at 7 a. m. and connect with the street cars at West Duluth.

Joseph Rance this morning filed a petition in the probate court for letters of administration in the estate of W. L. Rance.

Marriage licenses have been issued to Wallace H. Wells and Hestlet John and to Lawrence A. Pearson and Grace E. Benesch.

Kelly's hat work is the talk of the city.

Fred D. Shiras this morning began a suit for divorce against One Shiras of the ground of adultery. They were married in Great Falls, Mont., in December, 1934, and they are 22 and 25 years of age respectively. The plaintiff claims that his wife is an inmate of a house of ill-fame. W. B. Elphinstone is the attorney.

ATTENTION BARBERS! Notice is hereby given that the Union men are happy to close on Labor Day, Sept. 6, all day. Union men are requested not to patronize any shop open on that day. HARRY McCOLLAM, President. P. A. BERGSON, Corresponding and Financial Secretary, Local No. 67.

Knights of Pythias Picnic.

The Knights of Pythias, their ladies and friends sported under the greenwood trees at Lester Park yesterday. All of the lodges in the city united in the outing. Grand Chancellor Stratton and a number of knights from Minneapolis, St. Paul, West Superior and other parts of the state were present. Games and dancing were the order of the occasion. At 6 o'clock, refreshments were served. In the evening a meeting was held in the Castle hall of the Diamond lodge, at which Grand Chancellor Robert Stratton and Grand Vice Chancellor Stilton delivered addresses and exemplified the secret work.

Wait for the Red Snapper cigar, 5c.

DREAMS COME TRUE

And Make a Combination of a Happy Home and Money In Your Pocket.

I dreamed when I awoke from my sleep last night, and gazed at the azure blue, that our parlor was graced with a piano bright, and I wonder if dreams come true.

That is the dream of many a wife and daughter. There is no reason why it should not "come true" when such prices as we make on high grade pianos are within your reach. A whole lot of Duluth people have taken advantage of this sale, but you have not and guarantee you will not miss it.

Unupright pianos, made and guaranteed by some of the largest manufacturers in America, placed in your home with all you need in this way for the rest of your life.

PRICES TALK.

New England upright piano, in good order, with stool and scaly case, \$85.

Another, same make, rosewood case, hand engraved panels, hand carved trusses, 7-13 octaves, easy touch, lent tone and action, not entirely new, but good for many years use, with fine stool and velvet scarf, \$125.

C. A. Smith & Co.'s upright, largest size, English oak case, 7-13 octaves, 5 strings throughout, in fine condition in every way, with solid oak hand polished stool, French velvet scarf, sells new at \$250, now only \$250; but we say \$125, \$10 a month.

Briggs & Co. (Boston), upright, case heavy sawed rosewood veneer, very rich and pleasing design, 7-13 octaves, easy responsive action, in elegant condition throughout, with solid, hand polished wood stool, tapestry scarf, piano which always sold for \$375 and \$400, we say \$175, \$10 a month.

Come in today or they will be gone. A. E. WHITNEY, Assignee Piano Sale, 222 West Superior street.

Water Plant Progress.

N. F. Hugo said today that he expected to have the force main pipe between Lakeside and Duluth, 7-13 octaves, in five weeks. If the weather holds good, he has eighty men at work. P. R. McDonald has about 150 men at work digging the trench. The gate valve at Fortieth avenue east was lowered into place yesterday.

Municipal Court Jurors.

The following is the jury summoned for the coming term of the municipal court: C. A. Johnson, F. P. Gruneau, H. E. Wieland, S. M. Johnson, G. L. Robbins, R. A. Folkers, T. H. Little, S. Wendroff, N. N. Ole, T. Macy, E. Doney, M. Sorenson, S. B. McKelvin, L. Henry, O. Krueger, E. A. Taylor, J. W. Nelson, P. Keene, G. Taylor, N. A. Burnham, C. Krueger.

The Business University and College of Shortland

Will begin the next school year on Monday, Sept. 13. The most desirable time to begin a course at the university is at the fall opening. Those who enter at that time will receive the very best advantages, and by diligent work will be able to complete the course by early spring, which is the best time to secure positions. The graduates of this school have the highest standing in the business community, and are eminently successful. Those who wish to take advantage of the special discount offer should call at the college office and arrange to enter at the opening.

Invitation to Ladies.

Mrs. Anna E. Stinson, representative of the Sprague-Warner grocery company, is at Milner & Eberts, 301 West Fourth street, showing a fine line of canned fruits and vegetables and preserves. These goods are extra choice, and Mrs. Stinson will be pleased to have the ladies call at Milner & Eberts, until next Saturday, and see samples of the Sprague-Warner company goods, for which she is taking orders for fall and winter delivery.

We are headquarters for packing, crating, storing or shipping furniture, household goods, etc. Duluth Van company, 212 West Superior street. Bonded and licensed storehouse.

Dr. F. C. Bowman has removed his office to 503-504 Palladio building.

Duluth Van company for trucks, 25c.

COURT OPENS

September Term Opened This Morning With Three Judges Sitting.

CALL OF CALENDAR

Many Grand Jurors Tried to Get Excused--Tomorrow Is Divorce Day.

The September term of district court opened this morning with Judges Ensign, Moer and Cant in attendance, and a very fat calendar to dispose of. The plethoric appearance of the calendar was due, however, not so much to much business as to an immense number of tax cases of various descriptions. There are in the calendar nearly 800 personal property tax cases, which make their appearance in that interesting volume for the first time, and nearly 300 real estate tax cases, which make their regular appearance every term in smaller numbers.

When the court and bar had gathered in room No. 1 to hold the call of the calendar, there were 164 cases. When the call was over there were 134, of which eighty-eight are for the court and forty-six for jury. The rest were stricken from the calendar or continued. The call of the calendar was all that took place this morning.

Usually the grand jury is charged on the morning of the first day of the term, but this morning the return failed to develop a quorum, and Judge Moer set this afternoon for that purpose. Among those who did respond there was a very general rush toward the court, and the jury was excused that is unexpected. During the past three years demands of this kind have been very numerous, and a good many men who were called preferred to earn the juror's per diem than to sit in court.

Requests for dismissal were very numerous, almost all of the applicants were too busy to think of serving. As that does not suffice as an excuse the dismissals were not necessary, however, to issue a special venire of five names, tomorrow and next day are given up to the divorce cases, of which there are about twenty. Saturday the usual appeal will be held, and the petition jury is a legal holiday. County Attorney Arbut says that the grand jury will not have work enough to last it over a week unless something comes up.

The court officers this term will be as follows: Room No. 1—J. D. Ensign, judge; W. A. Kennedy, clerk; F. L. Magie, bailiff. Room No. 2—S. H. Moer, judge; H. Blidwell, clerk; Andrew Hunter, bailiff. Room No. 3—W. A. Cant, judge; Charles T. Clement, clerk; J. H. Nounan, bailiff. P. J. Feltman will have charge of the grand jury as Deputy Sheriff Robert Haire will have general work.

LONG DISTANCE TEST.

Aldermen Had an Interesting Time at Minneapolis.

The members of the council committee that attended the convention in Minneapolis of the long-distance line of the American Long-Distance Telephone company have returned. The opening was, they say, a most interesting event. In the switchboard room at the company's office in the new telephone building at Third avenue south and Fifth street they were shown the new switchboard with twenty ordinary wires to each table running to a long distance cabinet.

Mayors of Minneapolis first called up Mayor Harrison of Chicago. The latter was not in his office, but he was in the city and he was getting with a short speech. The mayor of Detroit was next called up, but he was not in and Indiana was next called.

In that city a lady sang a couple of ballads for the party, her enunciation being to her advantage more clearly than from the stage of an ordinary theater. A few words were then exchanged with Cleveland and then Davenport, Iowa, was switched on. Davenport entertained the listeners with a preliminary melody and the couple of dialect songs. St. Louis was next called up. From there the mellow voice of a son of Africa heard singing "There's a Hot Time in Old Town Tonight," the performer accompanying himself on the banjo.

Then connection was made with New York. A long conversation was held with the mayor of Gotham, his voice sounding as clear and his words being as intelligent as through an ordinary telephone from across the street.

The tests were eminently successful. It is said, notwithstanding the fact that the current was divided among forty instruments and the listeners were not in the sound-proof booths ordinarily used in long-distance telephoning. There was an electric storm in progress in Minneapolis at the time also.

HALF RATE TO THE FAIR.

For the Minnesota state fair, and Twin City carnivals the Eastern Minnesota railway sells round-trip tickets at \$4.30 plus 50 cents admission to fair. Tickets good from Sept. 4 to 13. On 432 West Superior street.

MAKES A FINE BRICK.

Samples Received From Clay Found Near Lester Park.

Some time ago The Herald published the fact that H. W. Hoesfeld, of Clermont, Iowa, had purchased a portion of the section 29-51-13 for the purpose of manufacturing brick from the clay on the land. He conducted a series of exhaustive experiments with the clay, getting many samples from the land at different times, before he closed the purchase. As a result of these he claimed to have found that brick of most excellent quality can be made from the clay. A day or two ago George H. Crosby received from Mr. Hoesfeld two samples of brick made from the clay, and they are beautiful. One is an ornamental red pressed brick and the other a pressed brick of cheaper quality. Mr. Crosby showed them to a Duluth man who handles brick, and after an examination he declared that if there is any finer brick made he had never seen it. The brick is of a beautiful color and is smooth and fine looking. Mr. Hoesfeld claims that these brick can be manufactured and delivered here at from \$15 to \$18 a thousand. The freight from St. Louis, where a large part of the pressed brick used here comes from, is a trifling over \$11 a thousand and the brick sells for from \$28 to \$30. If Mr. Hoesfeld should locate his brick works in the character of a building erected here, as well as the establishment of a fine outside trade.

The only concession which Mr. Hoesfeld asks toward coming here is the building of a road to the property. The land is about two miles from the main road. A temporary road is already established about a mile and a half of it has been graded. The cost would be about \$2000 in all. The aldermen have been approached, but in view of the policy of retrenchment which has been inaugurated all along the line, do not think likely that the expenditure of any money for new improvements. It is unfortunate that some method cannot be devised to open the road, for a plant such as this would undoubtedly be of great advantage to Duluth. Mr. Hoesfeld owns his land outright and without any conditions, having bought and paid for it some time ago.

THE MAYOR AND MR. GAY.

Bondholders' Representative Did Not Bid the Mayor Goodbye.

E. H. Gay has taken the back track for home. He does not feel that the pervasiveness of the council in persisting in frustrating his generous intentions toward Duluth. He withdraws in sorrow, not in anger, trusting that time, reflection and, mayhap, a few more law suits, will incline the council to reason. At least, it is imagined that in his attitude, judging from his remarks, he is somewhat disappointed. The aldermen and city officials individually.

Mr. Gay did not call on the mayor to bid him adieu before taking his departure, at which the mayor says he feels somewhat disappointed. The mayor is surprised, too, it is imagined, he remarked that he supposed that bidding him good-bye would have been so great a pleasure to Mr. Gay that he would not have failed to do so. He thinks Mr. Gay really intended to do so in glittering generalities in discussing the plan of water plant. The mayor certainly avoided with great care any exposure to the danger of being implicated on the horns of a dilemma during his conference with the council at the special session called last week. For a man who would not be called to "get together," he was exceedingly shy, in the mayor's opinion. "If he wanted to get together," said the mayor, "he got down to figures," said the mayor today. "It's a mere mathematical problem. We can take any box of 14 from the high school and he will be able to figure out just what that plant is worth."

Mr. Gay repeated that old assertion that the city severally had defied the water. If their intake had been protected by a screen instead of taking water through a hole in the intake near shore there would have been no trouble with the sewage.

The mayor says that the only thing to do now is to go on with the water plant and push the quo warrento case. "The gas and water company had six or seven of the best counsel in the state at the preliminary hearing before the attorney general," said he. "And they were dismayed at the evidence the city gave. We will show that the water was so bad that the men at the pump house would not drink it, but that across the street and drew water from a well. The company knew the condition of the water, and they knew it was bad. It is very month when the masses of decayed matter were removed from the intake well. After all this, it is absurd for Mr. Gay to come to us and ask us to help him out. He must suffer for the sin of his servants."

In conclusion, the mayor said he would challenge Mr. Gay to contradict the former's figures given in a recent interview in The Herald.

Joseph Watson Returns.

Joseph Watson returned today after a two years' absence in Europe, most of which was spent in Belfast, Ireland. Mrs. Watson returned to this country with him, but is visiting at Providence, R. I., and will remain there three weeks. Mr. Watson says business and general conditions in the old country are good, but he prefers to live in America, and will make this his home. Prosperity, he says, left here about the same time he and she left Ireland. He has been back with him, and that Duluth will come in for a big share of it. Everyone who knows Mr. Watson will welcome him home, and hope to see him remain.

Topeka Railroad Men Here.

W. F. Fitch and D. M. Philbin arrived in the city over the Duluth, Superior Western railroad yesterday afternoon, with J. J. Fry, general manager of the Atchison, Topeka & Santa Fe railroad. They are on a tour of both ranges. Mr. Fry left last night over the St. Paul & Duluth for St. Paul. He will be in the city for three days, and will then leave for his home in Topeka, Kas., having had a two weeks' trip through the Northwest. Mr. Fry was greatly impressed with the iron mines in Minnesota, which were much larger and more numerous than his preconceived ideas of them to believe existed here. His opinion of Duluth was also wonderfully changed for the better, and he left here an enthusiastic believer in the future greatness of this city.

LETGERT ESTEY

Big Sausage Maker to Be Called to the Stand in His Own Behalf.

HE WILL EXPLAIN

What He Was Doing in the Factory May 1--Progress of the Trial.

Chicago, Sept. 2.—The hundreds of eager spectators equaled the number of the two sexes kept the balliffs at Judge Tuttle's court room busy when the Letgert murder trial was resumed today. For a time it was impossible for those connected with the case to get in or out. Before the court was called to order the doors were locked and kept so until the crowd had been dispersed by the balliffs.

It was definitely announced today that Letgert will be a witness in his own defense. The big sausage maker said the matter had been discussed between his attorneys and himself, and when the time comes he will take the witness stand and tell the jury about his actions on the night of May 1. Letgert says he will explain what he was doing in the basement of his factory and the experiments he was conducting there.

The court opened with Frank Odorsky, Letgert's smoke house man, still in the witness chair. Yesterday Odorsky gave his testimony in German, for Letgert, his native tongue, and a new interpreter was necessary. His direct testimony was concluded in a few minutes. The state showing him a tin box containing caustic soda, which he took from the shelf in the shipping room and under the direction of Letgert broke up and placed in the middle vat.

Odorsky was turned over to the defense for cross-examination, and Attorney Vincent questioned him first about his connection with the police since the arrest of Letgert. Odorsky said an officer had been with him nearly all the time. No money, he said, had been given him and no position promised him, but his wife had received money from Inspector Schack. "Just a few cents," said Odorsky, "to keep body and soul together. I am not giving my testimony for money, but for conscience."

Odorsky, in his cross-examination, was subjected to a long and tedious line of questioning by the state, with the object of showing that there were discrepancies between his testimony on various points and statements made by him at Letgert's preliminary hearing, and in the habeas corpus proceedings before Judge Gibbons. The smokehouse man declared that on those former occasions he had been examined in German, a language which he does not speak well. The attorney for the state, however, did not understand thoroughly, but he did answer to the best of his ability. To all of Attorney Vincent's questions about former testimony he answered that he did not remember what he said, but he did remember that he was a shoemaker and that he was a Polish man. The cross-examination came to an end and Odorsky was permitted to go.

Frank Lowandowsky, also a Pole, was next called. He is at present employed as a laborer by the Northwestern railway. Lowandowsky was employed in the factory of Letgert up to May last when the sheriff took possession. His work was the boiling and wrapping up of the sausage. He said he knew Letgert and that he was a Polish man. He was called "Smoke Frank," here the nick name of "Hank" Frank. Lowandowsky's testimony was mainly corroborative of that of Odorsky. He assisted the latter in breaking up the caustic soda and in putting it in the vat. When he saw that Odorsky had burned his hands with the stuff the witness said he covered his hands with rags and also put a cloth over his face to protect himself.

COMMERCIAL INTERCOURSE.

Russia and France Will Try to Develop It Between Them.

Paris, Sept. 2.—The minister of commerce, M. Boucher, is quoted in an interview printed by the Gaulois today as saying that the governments of France and Russia are anxious to make every effort compatible with their economic interests to develop commercial intercourse between the two countries. Continuing, M. Boucher said he did not entertain the least hope that Russia would abandon her protective policy, as the object of Russia was to draw capital into the empire, and that policy had been crowned with success. Many French, Swiss, Belgian and other manufacturers having established works in Russia.

On the other hand, the aim of France was to encourage exports. Where large contracts could be obtained French influence had succeeded in obtaining them. It is also alleged that recently French firms had been successful in obtaining contracts for Russia, and to build a railway across the Caspian. The minister added that individual enterprise must still exert itself.

SILVER THE ISSUE.

Democrats Deny a Story Circulated By the Republican Literary Bureau.

Washington, Sept. 2.—(Special to The Herald.)—The Republican literary bureau is circulating a story to the effect that the Democratic managers have decided, contrary to the statements of a few weeks ago, not to make silver the issue in Ohio this fall, but to fight the campaign on state questions and denounce the "Dingley side speakers" who will be imported into the campaign.

Democrats here say that such efforts on the part of the Republicans to blind the public to the real issues and create false impressions as to the status of the silver question in this campaign will react to their active campaign.

A NASHVILLE BLAZE.

Not Much Loss But Several People Peculiarly Injured.

Nashville, Tenn., Sept. 2.—Diehl & Lork's wholesale beer, cider and soda works, corner of Church and Front streets, owned by Adam Diehl, were almost totally destroyed by fire last night. The loss, which is estimated at \$30,000, was insured. The building was insured for \$30,000, which will probably cover the loss. The building was a two-story structure, and the fire broke out in the stable and five horses perished in the flames.

The fire broke a number of soda fountains and carbonic acids and gas drums exploded and several spectators were hurt. The injured are: James Buchanan, left thigh mangled; Henry Krentz, left wrist and right ankle broken; W. J. Anderson, injured in the back and right knee broken; and These men were struck by a heavy lead soda drum.

INTO A CREVASSE.

Avalanche Sweeps a Party of Alpine Climbers Down to Probable Death.

Berne, Switzerland, Sept. 2.—Further advice from La Saule, near Mont Pleureur, show that the reports of the accident of a party of Alpine climbers in that vicinity were not exaggerated. Eight persons started from Pion, capital of the nation of Valais, to Mont Leuer, which is 12,155 feet high and is not very difficult of ascent. The tourists were led by Pastor Gonin, of Pion, and they made the ascent divided into two parties of four each.

The first of these parties reached the summit and the second was only a short distance behind when the four persons composing it were swept by a deep, it is still hoped that some of the tourists may be rescued. The missing party was composed of Pastor Gonin, two school boys from Lausanne and a young Englishman named Bernard.

NOTED CRANK DEAD.

Joseph M. Lilly and His Curious Ideas of Health.

Chillicothe, Mo., Sept. 2.—Joseph M. Lilly, a wealthy farmer of Jackson township, died last night, aged 64. In 1888 Mr. Lilly told his friends that he had heart disease and took to his bed and lay there for twenty-one years, telling his physicians and friends that if he raised his head or chest above a slight angle he would instantly expire. Nothing could expel this idea from his mind.

His general health was good, but it was not until late in 1888 that he could be induced to get up. He was a shrewd business man and grew rich even while lying in bed. Up to the day of his death Lilly had fairly good health.

DEADLOCK BROKEN

Nebraska's Three Party Conventions at Lincoln Unite on Sullivan for Judge.

ALL ARE FOR FUSION

Silver Republicans Nominated Sullivan and Populists and Democrats Agreed.

Lincoln, Neb., Sept. 2.—The conference committee of the Populists, Silver Republicans and Democratic conventions after holding a session which lasted until 3 o'clock this morning and failing to agree upon a ticket made the following report to the three conventions: "We recommend that the three conventions meet separately and ballot for judge. All nominations shall be announced to the three conventions, and all balloting shall continue until one man receives a majority of two conventions. Each ballot shall be announced to each of the other conventions before another ballot is taken. The reports shall be given to the parties which do not secure a judge."

The report was adopted by the Democratic convention, but the committee was not discharged. The Populists adopted the Cottage Home for their party emblem, the same symbol as that of the Populists of Colorado. The Silver Republicans adopted the Liberty bell with a crack in it. The Populists also adopted the Liberty bell with a crack in it. The Silver Republicans also adopted the Liberty bell with a crack in it.

THE COLORADO CONVENTIONS.

Four Political Gatherings Are in Sight There.

Denver, Sept. 2.—The Populist state convention meets today at Haliday, Col., the Silver Republican convention tomorrow at Greenwood Springs, and the regular Republican convention tomorrow in this city. The Democratic state convention will be held in this city Monday, Sept. 6. Only one state officer, a justice of the supreme court, is to be elected this fall. It is understood that the Western Republicans will nominate Judge Hayt, the retiring member of the supreme court, although for Bryan last year, Judge Hayt is likely to be the nominee of the Silver Republicans and the Democratic convention.

The county officers are to be elected throughout the state and an interesting campaign will result in these contests. The McKinley Republicans are seeking alliances with the other wing of the party and in a few counties their efforts in this direction have been successful.

ANOTHER FOOL IDEA.

Bicyclists Crossing the Boundary From Canada Compelled to Pay Duty.

Washington, Sept. 2.—(Special to The Herald.)—A vigorous protest is being made to the treasury department against a recent order to collect duty on all bicycles of foreign make, and the Canadians are almost sure to retaliate. Thousands of pleasure-seekers cross the line to spend a day in the United States, and every one must pay duty according to this appraisal.

This ruling is a serious inconvenience to people on both sides of the boundary. Canadian tourists spend a great deal of money in American towns along the border, and Canada is also likely to retaliate by levying a heavy duty on the wheels of Americans coming into their territory. Heretofore they have treated Americans very generously in this respect.

Assistant Secretary Howell, who is in charge of the customs division of the treasury department, says that the law is mandatory and admits of no discretion. Every Canadian who rides across the line must pay duty on his wheel, if it is of foreign make, and even if he rides back fifteen minutes later he cannot secure a return of the money paid. Considerable hard feeling is likely to result from this order.

TWO WIDOWS' PENSIONS.

One Is Granted to Duluth's Ex-Police Matron.

Washington, Sept. 2.—(Special to The Herald.)—Widows' pensions were granted today to Sarah C. Vandeke, Duluth, and Susan Stapleton, of Cloquet.

SPAIN IS JUSTIFIED.

Says a Spanish Newspaper in Seeking to Obtain Indemnity.

Havana, Sept. 2.—The organ of the Conservative party, La Union Constitucional, commenting upon the dispatches from Madrid announcing that the Spanish government is considering the manner in which to present to the United States claims for damages as a result of the capture from America and landing in Cuba of filibustering expeditions, says: "The action of the government is justified in asking for indemnity for the influence and sympathy of Americans who have been in support of the separatist and of the rebellion and who have been the responsibility before the world for the misfortunes which we are suffering from."

NOVAK IN JAIL.

Brought Back From Klondike to Answer to a Charge of Murder.

Vinton, Iowa, Sept. 2.—Frank A. Novak, the Welford murderer, brought back from the Klondike, was turned over to the Benton county officials by Detective Perrin at 2:30 this morning. There is no excitement or anticipation of trouble.

SOUTH CAROLINA LIQUORS.

A Practical Abrogation of the State Dispensary Law.

Columbia, S. C., Sept. 2.—Governor Ellerbe announced today that he had given orders withdrawing the state constabulary force from every village, town and city in the state. Only a few constables were to be retained in the country districts where there are no local officials to enforce the dispensary law. This action removes the enforcement of the state liquor law and will save \$50,000 a year.

FREIGHT ELEVATOR FALLS.

St. Louis, Mo., Sept. 2.—A freight elevator of the Morris packing house, East St. Louis, containing four employees, dropped from the third story to the basement this forenoon. Louis Green, William O'Brien and Patrick No. 1 are on strike. The miners went out last night after protesting in vain against heavy reductions in pay on account of dirty coal.

INDIANA BANK FAILS.

Washington, Sept. 2.—The comptroller of the currency sent today the report of the failure of the First National bank of Greensburg, Ind. It has a capital stock of \$100,000, and on July 26 the deposits were \$89,949. Examiner Packard has been instructed to take charge. This is the first bank failure reported to the comptroller for some time.

FACTORY INSPECTORS MEET.

Detroit, Mich., Sept. 2.—Joseph A. Moore, of Massachusetts, read a paper on "Ventilation of Public Schools," before the International Factory Inspectors convention today. Frederick K. Merriam, of Boston, described a modern school building by means of a chart. Officers of the association will be chosen this afternoon.

COLUMBUS MEETING

Coal Operators and Miners' Officials Meet Behind Tight Shut Doors.

MAY SETTLE STRIKE

Meanwhile Strikers In Many Quarters Eagerly Await News From Columbus.

Columbus, Sept. 2.—The coal operators who were to meet the coal miners' executive committee today met them at 9:30 a. m. with closed doors. All were present for the respective sides. The miners' officials declined to forego their proposed movement in case of a refusal to accept the operators' proposition to open the mines at 64 cents per ton pending arbitration. They were willing to talk of general conditions and nothing else, except that they want the agreement of today, if any, to hold good for a year.

On the whole, the operators feel very hopeful, in fact, very confident, that the miners' officials will accept the 64-cent rate for the year. The miners' officials at 11:20 a. m. having held a secret conference, adjourned to hold a joint secret conference with a special committee of operators representing substantially all the operators at Pittsburg. The committee of operators consisted of J. B. Zerbe, M. J. O'Neil, F. J. O'Neil, of Cleveland, and Messrs. Dysart, of Cleveland, Andrew O'Neil and Bunney, of Pittsburg. B. J. O'Neil made chairman and W. C. Pearce, of the miners, secretary of the joint meeting.

QUIET IN MINERS' CAMPS.

Waiting For News About the Settling of the Strike.

Pittsburg, Sept. 2.—Everything was quiet about the striking miners' camps in the St. Armit region today. The campers having decided to take things easy pending definite news from Columbus in regard to the proposed settlement of the strike. The sentiment of the whole camp seems to be that they will not accept an unequalled 64-cent basis. The general talk among the men shows no discouragement as yet. On all sides were heard words to the effect that the operators are being hard pushed in the matter of holding contracts, and getting into deeper straits every day.

The morning missionary work of the campers has come to be the same mild conflict between the strikers and deputies. Some of them are turned back regularly, and some get through the lines to execute their mission. The women at Plum Creek are arranging for the biggest parade they have yet held, and they expect to march to Plum Creek this afternoon at 5 o'clock. They will parade from just below Camp Isolation. Fully 150 of them are expected to march, and the Banksville band will head the parade.

A SETTLEMENT IN SIGHT.

Stimulates Receipts of Lake Orders For Coal at Pittsburg.

Pittsburg, Sept. 2.—The Pittsburg coal operators were convinced today that a settlement of the strike was in sight when inquiries for coal began to come in from Cleveland. Prices were asked and several contracts were made at 50 cents above the strike price, whatever the date may be. Cleveland is the headquarters of the big shippers and these people hold the key to the situation. The cause of the flood of inquiries was before attributed to the fact that the shippers believed that the committee of his miners today, to let them know that if the proposal now under consideration at Columbus was rejected he would start his mines once. He had an offer, he said, of 500 colored men from the South who would work and could not be frightened away.

A CRISIS AT HAZLETON.

Hazleton, Pa., Sept. 2.—Martial law now prevails. Two thousand men are now marching. They stopped every colliery in the district. They attacked Supt. Jones' house at Yorkton and smashed every door in it. Mr. Jones is in hiding somewhere. The strikers are expected back in this city this afternoon and will march to Milensville. The indications are now that the deputies will be here this afternoon and this will be the opening of hostilities.

VAN WICKLE MINERS RESUME.

Hazleton, Pa., Sept. 2.—Miners at Van Wickle colliery resumed work today. The strikers at the Audenried district were surprised at this action, and 500 men are now marching through that valley. They have driven the workmen from the Lehigh Valley Worktown colliery. Dodson's Beaver Brook, Star, Monarch and Carson washeries have been drawn the forces. Great excitement prevails there.

MISSOURI MINERS STRIKE.

Weir City, Mo., Sept. 2.—The miners at the Hamilton and Brainwood shaft No. 1 are on strike. The miners went out last night after protesting in vain against heavy reductions in pay on account of dirty coal.

SCALE THEIR DEMANDS.

Des Moines, Iowa, Sept. 2.—On a hundred and fifty miners representing 500 men on a strike, decided today to hold out for a general advance of 15 cents on the present average 70-cent scale. They have been wanting 15 a ton. This afternoon operators will grant their demands, and the miners will return to work shortly.

TRUFREMEN IN RETREAT.

Shenandoah, Sept. 2.—Col. Abbott, with guns and a squadron of the Eleventh Cavalry, has been ordered to cut off the retreat of the Trufremen. The cavalry failed to cut off their retreat.

Her Mother Started on His Trail and Ran Him to Cover.

SUFFEL & CO.

SOME ARE INDICTED.

Grand Jury Has Already Returned Several Counts Against Individuals.

After Judge Moore had given the regular charges to the grand jury yesterday afternoon that body proceeded to work, and it made such speed that before it adjourned it presented to the court a small batch of indictments. This morning the four men who were indicted were arraigned and given until tomorrow to plead.

John Todd, a militator, was charged with assault in the second degree upon Harry Buzell. The indictment alleged that on June 1 he made an assault upon the complaining witness with a revolver, shooting him in the leg. Thomas Bailey, a colored man, was indicted for the same offense, and in his case, Budd Todd, the defendant in the first case, was the one assaulted. The indictment alleges that on the same day Sidney Todd held in the right thigh with a revolver. Before they were arraigned the two defendants sat together, and they talked and laughed together as though they never dreamed of fighting with each other.

Harley Erickson was indicted for grand larceny in the second degree. He is accused of stealing enough clothing to start a small store from Susan Cohen on the night of May 2. The articles he is accused of stealing are as follows: Eighteen vests, twenty pairs of trousers, eight coats, five suits of men's underwear, fifty shirts, six pairs of socks, ten neckties, six pairs of suspenders, three valises, six pairs of shoes.

and three overcoats. William St. Arnold was indicted for receiving a part of this stolen property on the same day.

The grand jury put in another busy day this morning, and the halls were crowded with witnesses that were to come before it. The witnesses in the arson case against Thomas Spelman were present this morning.

Rival Purchasers.
Yesterday afternoon a gentleman (one of the Duluth jobbers) called and made a selection of a piano from the Mungler-Eidholm assigned stock, stating that he would take the instrument delivered. That was the end of the matter until she came in this morning and found her first choice out of sight and delivered. That may happen to you if you don't come in at once and select an instrument. The one you may want, of all the others, may be sold if you put off buying another day.

GOT NO DIVORCE

Charlotte McIver Talked Too Much and Her Case Was Thrown Out.

A DIVORCE COLONY

Thought Duluth Was One and Located Here to Get a Separation.

Today was divorce day in district court, and when the time for opening the session arrived this morning there was the usual nervous and expectant crowd gathered in room No. 1. Nine cases were taken up by the three judges, and of this number only two applicants were refused the relief they sought. Judge Moore heard both of these cases. In one of them it was developed that the plaintiff had mistaken this for a divorce colony, and the court relieved her from the mistaken impression. Charlotte McIver was the plaintiff, and she sought legal separation from her husband, John H. McIver, 28 and 32 years of age respectively, who were married in Erie, Pa., Oct. 18, 1892. While on the stand the plaintiff innocently volunteered the information, under the court's leading, that she had come over here simply to get a divorce, and that she was going to return as soon as she got it. She had lived in the state a year, the time required under the law, but she had never declared her intention of becoming a citizen of this country. In fact she had no such intention. When these facts appeared Judge Moore promptly dismissed the case.

Judge Moore also refused to give Gustave Owens a divorce from Henry Owens. Owens is a divorcee from Henry Owens, and she sought legal separation from her husband, John H. McIver, 28 and 32 years of age respectively, who were married in Erie, Pa., Oct. 18, 1892. While on the stand the plaintiff innocently volunteered the information, under the court's leading, that she had come over here simply to get a divorce, and that she was going to return as soon as she got it. She had lived in the state a year, the time required under the law, but she had never declared her intention of becoming a citizen of this country. In fact she had no such intention. When these facts appeared Judge Moore promptly dismissed the case.

LABOR DAY PICNIC.

Probability That the Parade Will Be Very Large.

The committee in charge of the Labor day demonstration says that the merchants are responding quite generously to invitations to take part in the parade, and there will probably be twenty-five or thirty floats in line. The county officials have nearly all accepted the invitations extended them, also. There will be plenty of shade at the driving park. Numerous swings have been put up and convenient stools for water will be placed at convenient spots. The Clerks' union held a meeting last night and arranged for the parade. It is estimated that there will be 2500 men in the second division as the divisions are at present arranged. There may be a change made so as to distribute some of these men among the other divisions. They will be about 700. The third division, third riding, Trades council, will number about 500 men. J. Baker will be marshal of this division.

EXCURSION TO FOND DU LAC...
Daily on St. S. B. Barker.
Leave Duluth 8:45 a.m., Fifth Avenue 10:00, Fond du Lac 11:30, Return Duluth 6:00 p.m., Fond du Lac 5:00 p.m.

A JOBBERS' JAUNT.

The Duluth Wholesale Dealers Will Visit the Michigan Copper Country.

The Duluth jobbers have received an invitation from the Duluth, South Shore & Atlantic railway to visit the copper and iron regions of the upper peninsula of Michigan, and the invitation has been accepted. The merchants in these sections are heavy patrons of the Duluth wholesale houses, and the object of the excursion is to give the jobbers an opportunity to meet their customers and become personally acquainted with them. This would, of course, bring about a closer relationship, and as the Duluth jobbers get nearly all of their business from the copper and iron regions, it is to their interest to cultivate the most friendly feelings. General Manager Philip W. Houghton, who is in charge of the excursion, thinks that some of the Duluth jobbers do not appreciate the value of the copper and iron regions in the mining district, and this sort of a trip would open their eyes to it.

It was decided last evening to have the train leave Duluth evening. The party will spend several days in the copper country, at Hancock, Houghton, Red Jacket and Calumet, and Tuesday in the iron country, at Ishpeming, Negaunee and other places. The return will be made Wednesday. The merchants in the copper and iron regions will be invited to visit Duluth in a body.

The Duluth Shore road will advise all of its agents to discourage any efforts to entertain the members of the party. It will remain but a short time in each place.

A meeting of jobbers is to be held tomorrow at 10 o'clock to make definite plans for the excursion and to find out who will go. All of the large houses, including the retail and wholesale, will probably be eighteen or twenty jobbers in the party.

FIRE BOARD MEETING.

Commissioners Will Consider Reductions in the Force Tonight.

The fire commissioners this evening will probably arrive at a decision in the matter of reducing the police force. It is estimated that they will be about as suggested by President McGregory and discussed at the meeting Tuesday evening. The commissioners will probably be looking for a reduction in the force of the police. The commissioners will probably be looking for a reduction in the force of the police. The commissioners will probably be looking for a reduction in the force of the police.

New Suits Filed.

Philip Steele has begun a suit against Alexander C. Steele to recover \$696.12 alleged to be due for services performed between July 5, 1935, and Dec. 24, 1936, which he claims were to be worth \$75 per month. Draper, Davis & Hollister are the attorneys.

C. A. Gunn this morning began suit against E. C. Ray and Louis Rausch to recover \$226.67 alleged to be due on a note. Draper, Davis & Hollister are the attorneys.

W. H. and F. I. Salter this morning began suit against the Duluth Trust company to recover \$38.75 alleged to be a balance due for rents collected by the defendant from the Salter row. William C. White is the attorney.

Large California Party.

The Duluth and Duluth railroad this afternoon carried out a large number of people who are bound for California to look for work. The party was headed by Mrs. C. C. Merritt, Misses Mary and Alice and Charles and William Merritt, bound for San Diego; Mrs. L. H. Merritt, bound for Pasadena; Mrs. E. J. Merritt, bound for Los Angeles; Mrs. E. A. Tadcliffe, and Miss E. Williams, of Duluth; Mrs. J. Kibler, of Omeota, to San Diego; Mr. and Mrs. Elsie Page, of Two Harbors, to Santa Barbara.

Capt. Sellwood Claims He Is Not Opening a New Mine.

Joseph Sellwood said to a Herald reporter today that he is not engaged in opening a new mine near Eveleth or anywhere else, as reported in the News Tribune this morning. Of which Capt. Harry Eveleth, and Richard M. Sellwood is development work on the Coloma mine, about a mile and a half from Eveleth, and which fact probably gave rise to the rumor that Capt. Sellwood was interested in the property. The Coloma mine is on the old Grosse Pointe, and is leased by the Coloma company. The mine will be put in shape for shipping next season, but it is not likely that any ore will be taken out this year.

There are many new mines being opened up on both ranges of the Iron Range, and the reporter asked Capt. Sellwood if he did not think, in view of the fact that there is already more developed mines than are necessary to supply the demand for ore, that to increase their number would not have a tendency to keep prices down by overdoing the business.

"Enough ore is being taken out of the Minnesota ranges every year to exhaust a big mine," he replied. "This year, for instance, there will be shipped from the Mesabi and Vermilion ranges 1,500,000 tons of ore, unless the wheat crop begins to move freight rates should advance above 60 cents a ton and discourage shipments. Within the next three years I expect to see the yearly output increased to 7,000,000 tons. As old mines are worked out new ones must be developed to take their places. The Lone Jack at Virginia is almost exhausted, and they are now taking ore from the Ohio, which adds to it. That will yield but little more ore, and with the volume of shipments now being made new mines will be needed. There are a lot of mines being developed on both ranges, but I do not think development is going forward as rapidly as the conditions warrant."

THIS MEANS NOW!

The Present Is the Time to Buy a Piano--You Can't Afford to Wait.

Look here! Talking strictly on the square do you think you are treating your family right if you let this piano sale close without securing one for your home? For many years you have promised to buy one and have put it off principally because of the price. The prices are right now and right now is the time for you to buy.

You will never see piano prices as low again in Duluth for several reasons. The principal reason is that in this depressed business every commodity except the absolute necessities of life suffers in the matter of sales and prices. At such times come failures of jewelers, piano dealers, etc., and their stocks are forced upon the market at a great reduction in price as is evidenced by the prices we are making on the Mungler-Eidholm stock. Another reason is that with the business clearing, as we all know they are, every commodity advances in price. For several weeks every well-to-do man has known that piano manufacturers' materials have advanced in price greatly. Lumber, felt, wire, pins, veneers, varnish, labor, etc., are all demanding more money than they did last March. This means that pianos cost the manufacturers more with prosperous times there are few, if any failures among piano dealers, and no stocks are placed at your disposal by order of the courts.

In short, if you want a piano within the next few years, get down to our store at once and select a piano. We have four of the finest new scale Kimball left, beautiful in tone, touch and workmanship; specially selected English quarter sawed oak and French burr walnut, hand-carved panels. These pianos are used and endorsed by all the great living musical artists of the world and nothing finer exists but the most elaborate home of any man. They are the instruments which in the usual retail way sell for \$800; they are better than many makes that cost \$600 and \$700, and are selling them at his sale for \$295; \$25 down, balance on easy monthly payments. We have plenty of others today at prices down to \$188. Don't delay another day. Open until 9 at night.

A. E. WHITNEY, Selling Agent,
222 West Superior street.

ATTENTION BARBERS!

Notice is hereby given that all of the Union Shavers in the city have agreed to close on Labor Day, Sept. 6, all day. Union men are requested not to patronize any shop open on that day.

HARRY MCCOLLAM, President.
P. A. BERGON, Corresponding and Financial Secretary.

Committee Not Reached.

The telegram sent by the joint committee of Superior and Duluth to Commander Howell and members of the United States naval commission at Chicago, asking them to inspect the wreck of the lakes as a possible location for a government armory plant factory, has not reached them, they having already left there.

Congressman Morris has interested himself in the matter, and has already written to the assistant secretary of the navy asking him to have the commission look over this location before making its final report.

French Millers Here.

Leon and Henry Schotmans, of Solin, France, have been in the city for a couple of days looking into the milling and grain business. They are millers, but grind soft wheat altogether, never getting any of the hard wheat, such as is used by the mills here. They are very much interested in the method of conducting this line of business here, and are looking into it quite carefully.

Elected a Member.

Chief Black was elected one of the five members of the board of directors of the International Association of Fire Chiefs at the recent annual convention of that body. It is the first board appointed, the direction of affairs having heretofore been in the hands of an executive council. The members of the board are elected for one, two and three-year terms. Chief Black's term is two years.

Kindergarten Reopening.

St. Paul's kindergarten will reopen Monday, Sept. 6, at 1508 East Superior street. Miss Alice E. Butchart, principal.

For Sale Cheap.

A house and lot on West Sixth street, centrally located. It must be sold at once. Very little cash required. Apply to 200 Chamber of Commerce.

PER CAPITA TAX CARRIED.

Federation of Labor Will Be Supported That Way.

The proposed amendment to the constitution of the State Federation of Labor, imposing a per capita tax on kindergartens, primary and intermediate schools, has been carried by over 10,000 majority. The ballot closed yesterday, the count showing 11,905 for and 87 against. By rejection of the five negative votes cast by the Duluth Building Trades council, consequent on the ruling exempting central bodies from the tax and excluding them from voting, the number against will be reduced to 82.

Contrary to expectation, the largest unions all voted in favor of the amendment. The largest unions in St. Paul, the Boot and Shoe workers, cast an unanimous vote, 375 ballots in favor; and the Carpenters' union of Minneapolis, cast a solid vote of 300 in the affirmative.

The only union, the majority of which voted in the negative, was the St. Paul Typographical union, to which the president of the State Federation belongs. The vote of this union is due, it is said, to the fact that there were several amendments to the national constitution that the union had decided to turn down, and this one went in the shuffle.

HALF RATE TO THE FAIR.

For the Minnesota state fair and Twin City carnivals the Eastern Minnesota railway sells round-trip tickets at \$4.30 plus 50 cents admission to the tickets good from Sept. 4 to 13. On sale at Union depot or City Ticket office, 432 West Superior street.

Excursion, Detroit and return, \$10.

less attention hereafter to what Mr. Walker says, and refrain hereafter from trying to supervise the religious, political or scientific orthodoxy of the faculty.

CUTTING EXPENSES.

The members of the health board have obstinately refused to comply with the popular desire for the suspension of four of the inspectors. They refused yesterday to discharge more than two inspectors, although both Mayor Truesen and Health Officer Murray recommended that four be let out. It is astonishing that the members of the board should take this stand when they well understand the necessity for retrenchment, and that the services of the four inspectors are not absolutely needed at this time of the year. The board will reconsider their hasty action, drop the four inspectors and thus re-instate themselves in popular regard.

The fire commissioners made a reduction of the force which, it is figured, will effect an annual saving of about \$12,000. This is a good beginning, but only a beginning, and the citizens expect the board to make a still further reduction in expenses. The cost of the department is still too high in proportion to the amount available for its support.

FINANCIAL INDEPENDENCE.

There is a notion prevalent in many quarters that the rise in wheat prices will pay off the bulk of the debt which the United States owes to Europe. The San Francisco Bulletin produces figures which show that, unfortunately, there is very little basis for this conclusion. American securities held abroad have been estimated at \$2,000,000,000 to \$2,500,000,000. The New York World recently gave in detail a list of stocks and bonds held in Europe amounting to \$2,200,000,000, and the average interest to be 4 per cent. (the sum of \$80,000,000 would be required for annual interest. The outside estimate of the amount of wheat that the United States can spare this year is 200,000,000 bushels. At \$1 a bushel the wheat crop of this year would pay our annual interest and leave \$120,000,000 to be applied to the payment of principal. Financial independence lies in this direction, but at some little distance. As a consideration, however, it is not to be paid for in gold, that part, whatever it may be, must be deducted from the possible payment on account of the foreign debt. Of course the corporations whose bonds are held abroad may buy in these securities as they are thrown upon the European market.

London bankers attribute the bulk of the demand for American securities to American purchasers. The several movements that have been reported for the conversion of securities into long term, low interest bearing bonds will doubtless result in heavy American purchases. Rather than the higher rate of interest, foreign holders will in some cases let their securities go. As long as investments can be found in the United States that pay higher rates of interest than equally safe investments in other parts of the world, our bonds will be held in considerable amount abroad. The harm of this, says the Bulletin, lies partly in the annual drain upon the country for interest and partly in the belief that the foreign policy of the United States may be affected by throwing a few millions of American securities upon the market.

A PROMISE OF EVIL.

Suits for damages against dentists seem to be quite popular these days, and many and varied are the grounds of the actions which have been instituted. Perhaps the most peculiar case is one originating in San Francisco, where a dentist has been sued because he refused to extract teeth for a woman who wore bloomers into his place of business. The Chicago Journal thinks that in itself, the exclusion of bloomers may not seem very great hardship for the present, but suppose the practice should be continued into the future, after bloomers have become the usual costume.

Suppose, says the Journal, in nineteen hundred and something, grandfather were a set of them. She must go through all the old trunks in a mad hunt for an antiquated skirt, and, having found it, must go down the street with the eager boys diving into the trunk, while small boys divine from the make ready remarks about "gummi" it long enough, and sandwich men form a procession in her wake, informing the public that—

DILLIES WILL STAND HOT OR COLD WATER.

YANKEN EXTRACTS POWDER WITHOUT BLASTING POWDER.

For the peace and comfort of the feminine portion of the rising generation in its old age, it is to be hoped, says the Chicago paper, the San Francisco dentist who taught a lesson severe enough to deter others from following his evil example.

The notorious money lender, Isaac Gordon, who was recently brought before the house of commons, has been expelled from the Hebrew synagogue of Great Britain. Not only that, but a matter of interest to the strict orthodox was given that no Hebrew charged with the institution should accept gifts from him, on the ground that his dealings were an offense against Jewish morality.

The accident that recently befell O. C. Bates, of Atkinson, Kan., recalls again the history of his long journey in country journalism. It was thirty-one years ago that he founded the Northern Vindicator at Escherville, Iowa. He coined the word "bizzard."

BLOCK SIGNALS PAILED.

New York, Sept. 3.—A disarrangement of the block signal system on a freight train running head on into passenger train standing at Floral Park on the long island railway. Four strangers were injured, two of them so badly that they had to be sent to a hospital. The latter were William Jones and R. Weiss, both of Hempstead, L. I.

ROYAL makes the food pure, wholesome and delicious.

The Princeton Union says: "Jerry J. is still plugging for senatorial nomination by state convention. If he can keep up the agitation he may be rewarded by seeing the scheme tried." The Union should know, provided it knows anything about Minnesota state politics, that Senator Davis was nominated by the state convention five years ago, and yet when the legislature met with a large Republican majority he narrowly escaped defeat. What is the value of such a nomination?

The Baltimore Sun says: "Theoretically honest and capable mayors and intelligent and trustworthy councilmen are all right, of course, but really elect such men and permit them to inaugurate and carry out their schemes of reform would administer a fatal shock to many well-established political industries."

The outlook now is that Tammany New York, Seth Low has been placed in the field as a candidate by the Citizens' union, and there is no doubt there will also be a regular Republican candidate in the field. This will give Tammany an easy victory.

Among the names of those for the September jury of the circuit court at Chicago is that of Charles T. Yerkes. The Chronicle says Mr. Yerkes should make a model juror. He is intelligent and does not read the newspapers.

The Chicago Record is now advocating rural mail delivery. If it can induce congress to make provision for that as well as postal savings banks, it will have made a great record this year.

An exchange thinks the quietness of the Ohio campaign should excite suspicion. It need not worry. It will be noisy enough and hot enough next month to suit anyone.

Governor Pingree of Michigan is trying hard to defeat Senator Julius Caesar Burrows for reelection, but so far he has not found a Brutus.

The death of Mrs. John Drew deprives the stage of one of the most finished and popular actresses that the present generation has applauded.

A Chicago policeman has been admitted to the bar, and he is not the first "buddy" who has had intimate connections with the bar.

The greatest newspaper in Duluth? Why, The Saturday Herald, of course. Sixteen pages tomorrow.

Dr. Andrews must smile as he reads the fearful appeal of the Brown trustees.

Attorney General McKenna evidently finds section 22 a hard nut to crack.

THE CAPITOL STONE.

St. Cloud Times: The decision of the commission designated or not, is all in all in the hands of the legislature. If the legislature decides to accept the stone, it will be a great triumph for the people of Minnesota. The stone is a great monument to the people of Minnesota, and it is a great honor to have it in the hands of the legislature.

St. Cloud Journal Press: The long and short of the whole matter is that the stone is a great monument to the people of Minnesota, and it is a great honor to have it in the hands of the legislature. PROGRESS OF WORK

Intake Pipe and Pipe to Reservoir Will All Be Laid Dec. 1.

ENGINEER SAYS SO

Work Is Being Done Rapidly and Well—Expenditures to Date.

The intake pipe will be finished and all the pipe from Lakewood to the low level reservoir at Thirty-fourth avenue east will be laid and the trenches filled by Dec. 1, according to City Engineer McGilvray. The rate at which the work is progressing at present amply warrants this expectation, he says. Of course, the ever-present contingency that something unforeseen may happen must be considered, but nothing short of something as serious as the storm of July 2 will defeat the expectation of accomplishing the work by the date named.

A great many people have fallen into the habit of finding fault with the rate at which the work is progressing, but in spite of the delay caused by the extraordinarily wet weather of the past summer, a good record has been made as compared with the time consumed in similar work in other cities.

The force employed between Fifty-fourth and Sixtieth avenues east stood the test admirably. A force of a dozen men is now at work caulking the pin holes and the work of backfilling this part of the trench will be begun early next week.

The pipe from Lakewood to Lester river will be ready for the official test in a very few days.

Contractor Egan said yesterday that he had succeeded in the pipe laid to a test of five pounds to the inch and it had proved as tight as a bottle.

Mr. Egan's men laid 300 feet of pipe in ten hours Wednesday.

A pressure of 200 pounds to the inch is prescribed for the test of this section.

The intake has been caulked with lead at the joints and the inflow into the well by leakage is now less than one inch in twenty-four hours.

Three anchor cables are being built to hold the intake pipe in place.

The expenditures made or contracted for up to Aug. 31 on the new system, as shown in the statement submitted to the council last evening by the board of public works, are as follows:

Total amount expended, \$356,483.28; amount paid on same, \$25,310.28; unpaid, \$331,173.00.

Of this, \$25,310.28 was paid for the work on contracts let, \$24,842.00; total expenditures on contracts, \$25,310.28; balance, \$568.28.

The extra expenditures amount to \$720.

EXCURSION TO FOND DU LAC

Daily on Sir. S. B. Barker.

Leave Duluth at 8 a. m., Fifth avenue coach, Tower Bay ship route. Return by same route, Duluth at 4 p. m.

Fare \$5.00 Round Trip.

PERSONALS

Mrs. C. E. McLean, of 1228 East Third street, returned home this morning after a long and pleasant visit with her friends in Canada and also in Chicago.

Michael Doran, the veteran Democratic political leader, came up from St. Paul this afternoon, accompanied by Mrs. Doran, and registered at the Spaulding. They will leave on the North Land tomorrow for a trip down the lakes.

G. H. Atwood and E. W. Doe, of Stillwater, are among today's arrivals at the Spaulding.

E. L. Brown, general superintendent of the St. Paul & Duluth railroad, came up from St. Paul this morning.

C. C. Andrews and F. L. Hoxsie, of St. Paul, are guests at the Spaulding.

G. Young, of Grand Forks, N. D., is a late arrival at the Spaulding.

A. J. Longyear is down from Hibbing today, a guest at the Spaulding.

H. D. Sturtevant, superintendent of the Pioneer mine at Ely, accompanied by his two sons, arrived in the city today and registered at the Spaulding.

N. A. Wright, of Saginaw, Mich., is a guest at the Spaulding.

H. E. Behwald, of Sheboygan, Wis., is in the city, a guest at the Spaulding.

G. G. Korb came down from Ely today and registered at the Spaulding.

E. Wittenberg, of the Tower Logging company, came down from the range today and registered at the Spaulding.

E. P. Metzger, of Washington, D. C., is at the St. Louis.

Dr. Hoy, of Rich Prairie, Minn., is a late arrival at the St. Louis.

Dr. William Hutchinson, the pioneer physician on the Vermilion range, who is now making his home at Capron, Ill., is a guest at the St. Louis.

Miss Anna lived at Tower from the time the town was started until about eight years ago. He will go to Tower tomorrow for a short visit.

George E. Schmalz is up from St. Paul today, a guest at the St. Louis.

D. W. Owen, of Soudan, is in the city, a guest at the St. Louis.

E. H. Grangle, of Fargo, N. D., is registered at the St. Louis.

Charles E. French, a well-known Chicago insurance man, is at the Spaulding.

William Wynnes, of St. Paul, was on the board of trade four today.

wife and son, Alexander Wall, he is afflicted with hay fever, and will remain here some time, a guest at the Spaulding in the hope of improving his health. J. H. Harding, of Eveleth, a brother of Mrs. Wall, came to Duluth yesterday to meet his sister, and left with her and her son for Eveleth this morning.

Charles F. Howell, representing the Argus, an insurance magazine, is in the city for the purpose of writing up the insurance history of Duluth and Superior.

ON LABOR DAY.

A Chance and an Appropriate Time to Surprise a Wife or Daughter.

Next Monday is Labor day and many wage workers of Duluth are now deliberating as to what particular thing they will do on the annual holiday.

What would be more appropriate than to surprise your wife or daughter by sending them a piano or an organ on Monday morning? If you think that the time has arrived for such an act, then why not take advantage of the chance you now have to get an instrument at a price absolutely less than the cost of manufacture, a chance which may never come to you again.

You know just as well as anybody does that it costs money to construct a good piano ranging from \$38 to \$178 that they must be sold at less than the cost on a holiday, and with no such intention at the start, spend \$25 before the end of the day. If you should purchase a piano at the Menger-Edholm sale all you would have to pay down on it would be \$25 and thereafter only \$3 per month. This sale will only last a few days longer and to get one of the best bargains you should come forth once. If you are employed in the city, come in tonight or tomorrow night and let us show you an instrument. We are certain of pleasing you and you cannot possibly object to the price on the terms offered.

LOOK AT THE PRICES.

Boardman & Gray, square, \$40.

Smith & Co., largest upright, oak, 125.

Haines Bros., largest size, rosewood, 127.

New England, upright, rosewood, 135.

New England, nearly new, 139.

Henze, upright, English oak, 148.

Briggs, upright, very fine, 178.

Also a few organs in perfect order at \$15 to \$20.

A. E. WHITNEY, Selling Agent, 222 West Superior Street.

A Cutting Scrap.

A cutting affair occurred yesterday afternoon about 5 o'clock in a saloon on Lake avenue, near Superior street, in which Andrew Hendrickson received a long slash extending from the right shoulder down into the fleshy part of the arm. The wound is not considered serious.

Henry Pakkala, alias Henry Brick, was arrested, charged with doing the cutting. He was taken before Judge Edson this morning on the charge of assault in the second degree and his hearing was set for tomorrow afternoon, but being fixed at \$250, in default of which the accused went to jail. It is thought possible that the matter may be taken at once before the grand jury without a preliminary hearing.

HALF RATE TO THE FAIR.

For the Minnesota state fair and Twin City carnivals the Eastern Minnesota railway sells round-trip tickets at \$4.00 plus 50 cents additional for the return, good from Sept. 4 to 13. On sale at Union depot or City Ticket office, 422 West Superior street.

The directors of the Orin-Hallway & Navigation Company, A. Haller was elected president. The meeting lasted only a few minutes, its being for exclusively the election of a board of directors and a president. Helledbach, of New York, was elected chairman. The meeting was adjourned for one week, at which the remaining executive officers were to be elected, and it is generally understood there will be no changes in the present list of officers.

The question of declaring a dividend was touched on at the meeting, but will be another subject that is expected to be acted upon at the next meeting. It may be that the board will have to refer the question to a special committee before taking action in the matter of dividends. President Haller, in closing the meeting, said that the prop will remain in an independent position.

INDIANS TO MARCH

**Pilgrimage of Cherokees to
the Grave of Their
Greatest Chief.**

THE PRESENT STATE

**Is Rich and Son of a White
Woman Stolen By**

Tusculville, Ky., Sept. 4.—People hereabouts are looking forward with profound interest to the unique invasion promised by the Cherokee Indians, who will soon march from their home in the Indian territory on a pilgrimage to the grave of Wahotamah, who was killed in battle with the Shawnees in 1762. The braves will number about 1500. They will be under Chief Quannah Parker, and will march into Kentucky accompanied by Capt. Kaloigh, of the United States army. They will enter Kentucky at Shawneetown and march to a place about three miles from this place, where they will find the grave of their great chief. They will do his memory honor.

The battle in which the chief was killed took place on a prairie near Pond river, and the old chief was wounded

and carried back into what is now Logan county, where he died and was buried. The dead chief was the man who had been the first to give the war souvenirs and tribal relics. All the "sacred bundles," have been gathered up and are now in the hands of his race. This will be in accordance with the wishes of an old medicine man, who predicted that the Indians would live few years. Only men will be allowed to carry the bundles. They will carry blankets, bows and arrows, and other things in the ground, as though on the war-path. The old medicine man said that the famous chief, Quannah Parker, has made prophetic arrangements. Many of the old men are now dying, and are alarmed at the reports of the expedition. Chief Quannah Parker and Captain Charles Parker, who were the first to start the expedition, are now alarmed at the reports of the expedition. The Cherokee government, by means of which the Indians are now being broken up and superseded by that of the United States, has been the cause of the thoughts of the Cherokees recent their traditions, and the exploits of the old warriors. As the old men die, new and melancholy interest.

the present big chief, the richest and in many respects the most civilized of American Indians. He was the principal chief of his tribe and lives in a \$2000 house in the midst of a

A black and white photograph of a man, Charles Parker, standing and facing the camera. He is wearing a dark suit jacket over a light-colored shirt and a dark tie. He has dark hair and is looking directly at the viewer. The background is a plain, light color.

CHARLES PARKER.

at cattle ranch, over which range thousands of the cattle and hundreds well-bred horses. He has seven children and a very large family of slaves. Four of his children are students at the Carlisle, Pa., Indian school, and Parker recently paid a visit to that institution and was very much interested

Quannah's mother was a white woman who married an Indian by her people by the Indians. She was one of the warriors of the tribe, and she was very brave. She was captured by her friends and was broken heart because she was not allowed to remain with her husband and child. Quannah was made a slave and she has ruled it with wisdom and for the benefit of the nation, never drinking anything that was not good for the people. He holds Indian superstitions and faith in the future, but is shrewd enough not to mix in with the same name religion to adopt Christianity for a prize.

HALF RATE TO THE FAIR.
For the Minnesota state fair and city of Minneapolis the Eastern Minnesota railway sells the rate of \$3.50 plus 50 cents admission to fair, less good from Sept. 4 to 13. On and after Sept. 14 the ticket office, West Superior street.

St. Louis and Detroit, return, \$10, via Duluth, Lake Shore & Atlantic, St. Ignace and

INDIANS TO MARCH

Pilgrimage of Cherokees to the Grave of Their Greatest Chief.

THE PRESENT CHIEF

**Is Rich and Son of a White
Woman Stolen By
Indians.**

Asselville, Ky., Sept. 4.—People abouts are looking forward with great interest to the unique invasion caused by the Cherokee Indians, who will march from their home in the north territory on a pilgrimage to the tomb of Waboyah, who was killed in battle with the Shawnees in 1759. The march will number about 150. They will be under Chief Quannah Parker, and will march into Kentucky accompanied by Capt. Raleigh, of the United States army. They will enter Kentucky by Harrodsburg and march to a place about three miles from this place, where they will find the grave of their

QUANAH PARKER.

turned back into what is now Louisiana, where he died and was buried. The dead chief was the most able of Cherokee leaders. All the "adventures and tribal relics" and "bundles" have been gathered up and will be deposited on his grave. This will be the last of the "adventures" of the race within 25 years. Only men of the race within 25 years will be left. They will carry the bones of the dead chief to the ground, as though on the warpath. Charles Parker, nephew of the chief, Quanaah Parker, has made the necessary arrangements. Many along the road have been met at the grave. The chief, without Charles Parker and Capt. Smith, nobody will be molested. The Cherokee people will be

Of Duluth's Neighbors

NEW DULUTH DOINGS.

New Duluth, Sept. 4.—(Special to The Herald.)—Mr. and Mrs. Henry Hermann are entertaining Miss Nellie Crockett, a former stenographer for Hermann, Becking & Hermann, this week. Ward Tower, of Montague, Mich., has been visiting his mother, U. C. Tower this week. He left Wednesday for Montana, where he is engaged as principal of a school.

Miss Mary Peterson left Thursday to take charge of her school at Edith, Wis.

Olis Nelson attended a party at West Duluth Wednesday evening.

Rev. and Mrs. Henneman are happy over the arrival of a little daughter, J. F. Henneman was doing business in the city Tuesday.

W. H. Miller returned Tuesday from Barnum.

The Misses Doe, of West Duluth, are the guests of Miss Louise La Salle.

Rev. F. E. Higgins was a caller at Duluth Wednesday.

Henry Glibbery was a caller in Duluth Monday.

Mr. and Mrs. John Stevenson were among Monday's shoppers to the city. John Remnitz made a trip to the city Monday.

John Peterson expects to leave soon to accept a position with the Cranberry Lumber company.

Ernest Stevenson, of Duluth, was a caller here Monday.

Rev. Henneman was a visitor at Duluth Monday.

Mr. and Mrs. G. W. Keyes are entertaining Mrs. Louise J. Keyes and her daughter, Ellen, of Duluth.

Louise Le Beau is very sick at her home in West Duluth. His many friends here wish him a speedy recovery.

J. F. Henneman is on a business trip to the Twin Cities.

Mrs. George E. Tupper, who for the past three months has been visiting her daughter, Mrs. Howies, at Cherryfield, Me., will arrive home Monday.

Miss Parke, formerly stenographer for Hermann, Becking & Hermann, is visiting Mr. and Mrs. Henry Hermann.

About one hundred members of the samvells' union here expect to participate in the Labor day festivities at Duluth. The samvells' union here has been chartered to take them.

Miss Della Hermann is recovering rapidly from her long illness. She is able to sit up for a little now.

J. N. Le Beau was a caller at West Duluth Thursday evening.

Charles Jackel made a record of thirty-eight minutes between Duluth and New Duluth on his bicycle Thursday.

Mrs. Keyes and her guests dined at Lester Park Friday.

Necessary plumbing is being done at the school house. Many other repairs have been made during the vacation and the heating and ventilating of the rooms have been much improved.

The samvells, during the past week have experienced much trouble in placing logs into the mill pockets. The heavy wind off the lake backed the water up and rafts had to be pulled down by main strength of the men.

The Holmback company's mill, the cause of much trouble, is now running smoothly. The water is very common for the water to back before has it, except during the flood.

Philip J. Edgren leaves next week for a business trip to Detroit, Mich., and will visit with his parents and friends in different parts of the state.

Mrs. George Gifford and daughter, Georgie, expect to leave Monday for Michigan City, Ind., where they will attend school during the coming year.

Mr. Frank Smith is the guest of Mrs. Will Smith this week.

Miss Belle Hermann entertained a number of her friends for a social Friday evening. Music, games and pleasant conversation were the order of the evening.

Mr. and Mrs. Edgren, Mrs. Stewart, Miss Edith Hermann, Miss Georgie, expect to leave Monday for Michigan City, Ind., where they will attend school during the coming year.

A very enjoyable dancing party was given Thursday evening at the fire hall in honor of Mr. and Mrs. George Gifford, who expect to leave here for Michigan City, Ind., where they will attend school during the coming year.

Mr. and Mrs. Tower, Mr. and Mrs. Cuen, Mr. and Mrs. La Salle, Mr. and Mrs. Strinsky, Mr. and Mrs. Sullivan, Mr. and Mrs. Miller, Mr. and Mrs. McGill, Mr. and Mrs. Downey, Mr. and Mrs. Hartmann, Misses La Salle, Doe, Stevenson, McGill, Fred McGill, Stevenson, George Stevenson, Mr. and Mrs. Joe La Salle, Louis La Salle, Mittenford, Carell, Nelson, Le Beau, Anderson, Krueger, Hermann, McLaughlin, Marcote, Bowser, Shaw.

SPIRIT LAKE AND VICTORY.

Smithville, Sept. 4.—(Special to The Herald.)—Miss Mary Peterson left Thursday to take charge of her school at Edith, Wis.

John Peterson expects to leave soon to accept a position with the Cranberry Lumber company.

Ernest Stevenson, of Duluth, was a caller here Monday.

Rev. Henneman was a visitor at Duluth Monday.

Mr. and Mrs. G. W. Keyes are entertaining Mrs. Louise J. Keyes and her daughter, Ellen, of Duluth.

Louise Le Beau is very sick at her home in West Duluth. His many friends here wish him a speedy recovery.

J. F. Henneman is on a business trip to the Twin Cities.

Mrs. George E. Tupper, who for the past three months has been visiting her daughter, Mrs. Howies, at Cherryfield, Me., will arrive home Monday.

Miss Parke, formerly stenographer for Hermann, Becking & Hermann, is visiting Mr. and Mrs. Henry Hermann.

**WILL OPEN
MONDA**

the competition. These games were played at intervals of one week, and if at the close the tie is not broken, the association will hold the trophy for the previous years as follows: 1891, J. M. Hamham, for Manhattan club; 1892, J. M. Hamham, for Manhattan club; 1893, by A. B. Hodges, for State club; 1894, by J. F. Shawalter, for Manhattan club; 1895, by J. M. Hamham, for Metropolitan club; 1896, by J. L. Lipschuetz, for Manhattan club.

Matthew Menzies, who had given up his high position in the army and was travelling through the country and Europe, died of consumption, aged 25 years. On the 10th inst. he was taken to a hospital in a place in this city, jumped from a tower and fell high into a tank sixteen feet deep, and was not hurt. He was taken along and the hospital authorities dislocated his backbone and broke his ribs. He was assured of his injuries, but his lungs were so badly injured, that his consumption set in and caused his death.

Titus, the middle distance rider, has the Klondike fever, and in a flight of fancy has evolved a scheme which, to his mind, will make possible the reaching of the Klondike region without the trouble now being experienced. He expects to secure a companion in the spring, take a triplet, and, with the food and supplies fastened to the rear center seat, circumvent the terrors of the many roads to the region of gold. The rider says that many hundreds of pounds of baggage may be carried in the center seat, while two other riders occupy the other two seats.

"Major" Taylor, the colored lad, has on over \$1000 within the past two weeks. The circuit chasers do not begrudge the "major" his winnings, but they deplore his incoming into the circuit, not on his own account, but on account of the example set for others his color. Years ago the circuit men hired a negro from racism by refusing enter races in which his entry was accepted. It is highly improbable that any such thing will be done in the case Taylor.

Judge Murphy has made an order at St. Louis forbidding minors the privilege of the betting ring.

British rowing champions, according to an Eastern authority, had better look to their laurels, for the senior crew of the Pennsylvania regatta club, of Philadelphia, is going to Henley next year. This crew is the best crew in the United States, and the senior trophy at Philadelphia is theirs in a few weeks ago with ridiculous ease.

FOR HEARING ON CLAIMS.
of Minnesota, County of St. Louis
Circuit Court, Special Term, Au-
gust, 1910.
In re: the estate of Louisa F.
matter of administration on the estate
deceased which this day granted
order for the hearing on the claims
presented, that all claims and de-
mands against the said estate
presented to this court for examina-
tion and allowance on or before the
first day of September, 1910, at St.
Paul, in said county, on Monday,
the 1st day of September, 1910.
The court further ordered, that six months
from the date hereof be allowed to cred-
ited creditors to present their claims
at the expiration of which time
the court will proceed to allow or
deny the same to their satisfaction, shall be
the time allowed. It is further shown,
that the said Louisa F. died on the
15th day of July, 1910, at the time
of the hearing and examination of
the claims presented, and that the
said Louisa F. died leaving no issue,
leaving this order. It is further
ordered, that the said Louisa F.
is appointed for such purpose, a
guardian of the estate of the said
deceased, to receive and collect her
property, and to pay the same to
said Louisa F.
Dated the 15th day of Au-
gust, 1910.

A blank ledger page with a grid of 10 columns and 20 rows. The columns are of varying widths, with the first column being the widest. The rows are uniform in height. The grid is formed by thin black lines on a white background.

THE DULUTH EVENING

the competition. These games were played at intervals of one week, and if at the close of the season the association will hold the trophy for the season, it has been held in previous years as follows: J. M. Hanham, for Manhattan club; 1887; J. B. Kenney, for City Club; 1888; by A. B. Hodges, for State Land club; 1894; by W. Shovatt, for City Club; 1895; by J. M. Hanham, for Metropolitan club; 1896; by J. L. Lischuetz, for Manhattan club.

Matthew Menzies, who had given excellent service in the past, was killed through the country, and jumping over the fence, and was killed through the consumption, aged 25 years. On the 10th of November, 1895, he was placed in this city, jumped from a twenty feet high into a tank sixteen feet deep, and was killed through the consumption. He was cured of his disease, and was killed through the consumption. He was cured of his disease, and was killed through the consumption. He was cured of his disease, and was killed through the consumption.

Titus, the middle distance rider, has the Klondike Fever, and in a flight of his imagination, he has decided to go to the Klondike region without the usual precautions, and has decided to go to the Klondike region without the usual precautions, and has decided to go to the Klondike region without the usual precautions.

time when I know of. There was a single-barreled pistol of the old-fashioned type that was made in England and manufactured to sell for less than \$100, or even more. That time has gone, and the single-barreled pistol is a thing of the past. In its place came the revolver, which was made in all sizes from a vest pocket to the size of a wheel which is carried in a holster. The prices have kept on going down as the new revolvers have improved in manufacture. They are now a perfect working and reliable revolver, can be bought at retail as low as \$1, and even the best makes for \$2 or \$3.

"The self-cocking and hammerless revolver is the latest thing in the line."

at all, when five years ago sold at retail for \$10 and \$12, can now be bought by car load as low as \$2 or \$3, and the better goods at from \$4 to \$6. In these times the best steel is used. The German revolver, which was the only one which ever seriously competed with those of American make, has about run out its race, and is never offered any more, except in country stores, where it is bought by boys. It is clumsier and made and heavier than the American revolver, and no more compares with the latter than does the English line of revolvers, which at one time

very freely sold in this country. Likewise, the American rifle and shotgun have out-distanced all other makes, although the German cheap shotguns

a deep sigh of relief and said to his neighbor: We have lived to see this day. That is the ne plus ultra of life. Let's go home.

The 2-minute mark was not reached for Star Pointer. He hung it up there near the end of the journey and reached the goal in 59 minutes. The 2-minute mark never existed, and was gone in the same instant. In retrospect it was simply the

insurmountable the fifth proposition held. It was passed in safety. The driver for with such intense earnestness was reached only to rear and fall down the road. The muscles have not relaxed, the desire has not satiated. We have seen the mark set at 1:59. Now for each believes that the limit has been reached. Persons who ten years ago regarded the 2-minute mark as a dream now, having seen the mark of scientific breeding, a better training, and the great improvement in the artificial appliances go to prove the speed, think not that at 1:58 mark.

at he is here already. Having horse do better than even time mile, they are ready to believe that the driver of that horse will them. David McClary, who Star Pointer in his race against last Saturday, says that the end mighty stallion's speed is not that he can do 1:58. And every- says, "Of Course—of course."

ment Frick, of the Des Moines team, has received a letter from Johnson, of Cincinnati, offering a franchise in the Western league next season. Johnson says it is probable that Columbus and Grand Rapids will be dropped from the league and suggests that Omaha and St. Paul be added to the St. Louis and St. Paul franchises. St. Louis and St. Paul are in the Western association and St. Paul was dropped last year, but it is probable that St. Paul will do so. He says he will get in the league next year, sign a strong team, build a new stadium, and make a success of the franchise.

opinion of the expert authorities on the thoroughbreds, the best run by a 2-year-old in this or any country was that won by Danzig, the son of Hanover, at Saratoga, a few days ago. He carried the impost of 134, and was up for the sale of colts to all of the big racing associations, and yet made big gains, and yet did his best. Even the Archduke, when the fleet Archduke came nearly off his stride, he did simply on his nerve, and he did it, too. Archduke was that was calculated to make over colts 134 pounds weigh a

reconciled without his host, he quickly overhauled his horse and beat him home as he did. It is said that he is undoubtedly the best colt of the year. Horsemen consider him the 2-year-old America ever saw. A Tremont, of course, who though a season without defeat, first in all (thirteen) races in started. But what lessened his greatness was the fact a season's 2-year-olds were as he did not start as a 3-year-old. Whether he really was a great

ENTRIES ROLLING IN

Tremendous Rush of Cattle Breeder--Hot Competition In County Displays.

St. Paul Sept. 4.—Next Monday, Sept. 5, is the opening day. The state fair this year is going to be a crackerjack. There is no doubt whatever about that. The buildings are now almost ready and entries are rolling in in all departments that already have placed the present fair ahead of any that have been held in the past.

In the live stock department there will be a very competition, exhibits coming even from away from Kansas. There will be at least six hundred head of cattle alone. The entries this year. Some of the prominent ones are: H. S. Sullivan, of Mo.; Steward H. Hutchison, Greenwood, Okla.

CATE EXPOSURE

THOSE DECEPTIVE STAGE SCENES.

1—Farewell, Pauline, may the good angel watch o'er you. I go to join the passing regiment. Farewell, farewell.

2—(This shows how the passing regiment was worked by the scene shifter.)

HIS MISTAKE.

Agent—I sent you an excellent cook yesterday, but you refused to take her. Mrs. Newwed—She was too pretty. I told you I wanted a plain cook.

NATURALLY.

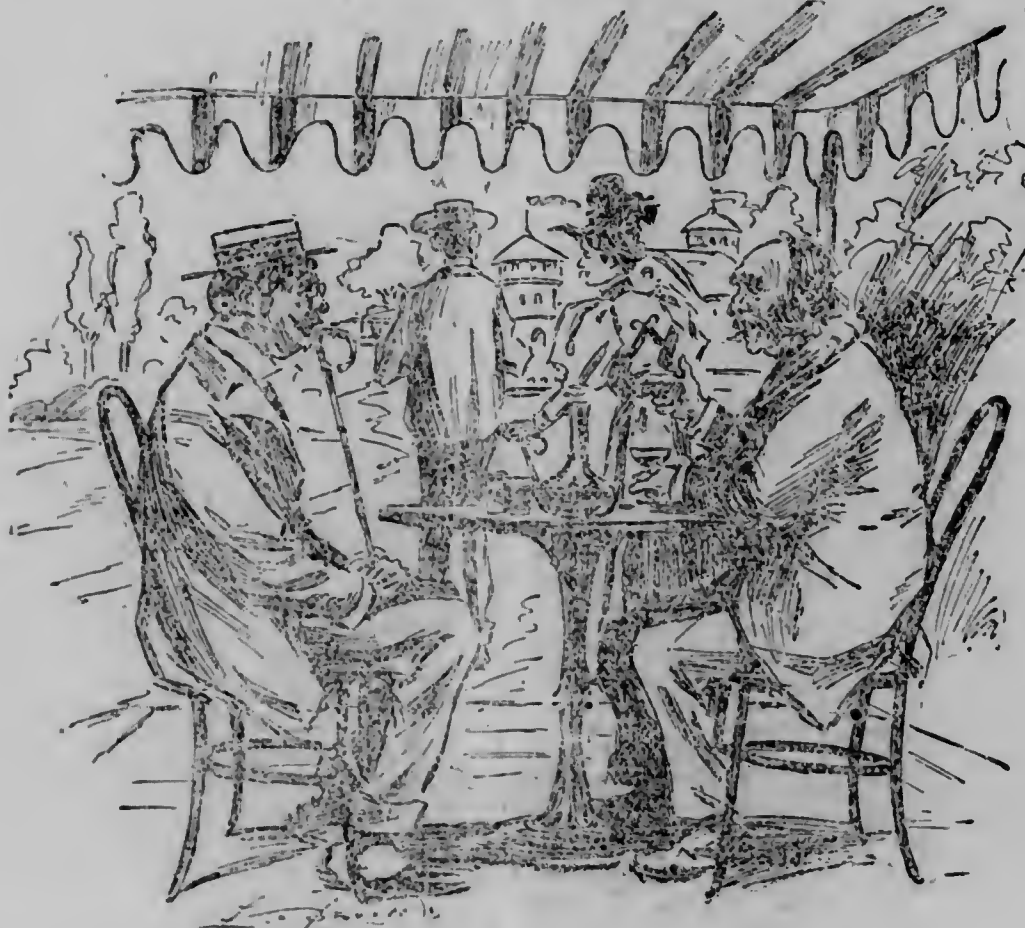

Sloobs—I never go to bed on a full stomach. Knoobs—What do you do? Sloobs—Sleep on my back.

LONG SIGHTED.

"They say she married her ice man. I wonder what ever possessed her to do that?" "Wanted to keep her money in the family, I suppose."

OPTICAL DELUSION.

Rings—Mrs. Hammond brings about keeping her boarders so long. Rings—She keeps them so thin that they look longer than they really are.

NOT VERY MUCH IN.

"John, I must have some money. I'm almost entirely out of clothes." "I see you are."

BUSINESS VIEW.

"My father is a great believer in bicycling." "Is he a dealer?" "No, Doctor."

ROMANCE IN A TRUCK GARDEN.

1—Sentimental youth (tragically)—Let this be the test. She loves me.

2—She loves me not.

3—She lo-o-ves me. She loves me.

4—Mrs. McInt (wielding the broom)—There now, let me ever ketch you again pullin' up my cabbage heads.

HE HAD BEEN TANNED.

Kenth—You didn't get tanned very much at the seashore. Archie. Archie—Didn't get tanned? Well, you should have seen me the day ma caught me in wading with a new suit of clothes on.

A QUESTION.

She—Hereafter, dear, I intend to do the cooking myself. He—Is that the reason you insisted upon me having my life insured?

FURNISH ELECTRIC CURRENT FOR LIGHT AND POWER.

AT WAWA CITY.

Michigan's Golden Metropolis Where Gold as Big as Wheat Is Found.

Detroit, Mich., Sept. 6.—(Special to The Herald.)—A special dispatch is received today by the Evening News from Wawa, Ont., the newly laid out town in the Michigan gold country on Lake Huron. The entire town is located in the one narrow pass which leads to Lake Huron from the land, which is but six miles from the gold discoveries.

The new staff correspondent writes: "As to the gold discoveries developing to anything like the indications, it can be said that the mining quartz and extending over several thousand acres, quartz has been found here containing free gold in chunks as big as kernels of wheat—gold in its pure form which does not have to be subjected to a chemical process to bring out the rock. Prospectors every day are finding specimens that assay \$50 a ton.

"Probably 100 prospectors are today working in the hills. The country where the discoveries were made has never been opened up for settlement. The only inhabitants about are Indians and Hudson Bay traders and they are few."

WESTERN UNION WINS.

Reference Decides Its Government Claim Is Just.

Washington, Sept. 6.—The report of Perry S. Heath, the first assistant postmaster general, acting as referee in the controversy between the Western Union Telegraph company and the federal government, has been filed in the court of claims, though it has not yet been officially made public. It sustains the telegraph company's claim for a just compensation for services performed from 1859 to 1892, which Postmaster General Wainwright and his successors have refused to allow.

The court is expected to approve the report, in which case that fact will promptly be certified to the treasury department. The latter will then submit the matter to congress. Before the amount can be paid an appropriation bill, of course, must be passed. The amount involved is over \$250,000.

WHEN TEACUPS WERE SCARC.

Even after tea was introduced into Europe and had come into general use, teacups were scarce, says the Jewelers' Circular. At the same time coffee was introduced, but the cups imported from Europe, the first coffee cups in Europe, were only as far as 1845 in Venice, 1852 in Paris, 1862 in London, 1864 in Leipzig. Only from 1845, however, the conventional Oriental coffee cup, without stem or handle was used, and in Germany not at all. The Chinese teacup was used for tea, coffee and chocolate. Specimens of porcelain were undoubtedly introduced into Europe in the middle ages, yet not till the sixteenth century were cups imported from China in any great quantities, and even then it was an article of virtu. Most of these found their way back to China again, as collecting porcelain is a lasting fad there and high prices are paid for good specimens. The collection of Chinese porcelain, if only

the genuine specimens are desired, requires immense study and knowledge, as the Chinese are skillful imitators and put numerous falsifications on the market.

NEW YORK'S REGATTA.

Some Good Weather and Some Very Good Time.

New York, Sept. 6.—Ideal weather conditions favored the amateur regatta at the National association, the races of which began at 9:30 o'clock on the Harlem river. There are fifty-four entries from clubs of New York, Brooklyn, Philadelphia and Newark, and they are well distributed over the eleven miles of the river. The regatta is a party of twelve, with drawn revolvers, loaded rifles, announced their intention of going to the regatta. They passed a guard of mines and set out for the summit. The committee was called to order by a member of armed men sent to head them off. It trouble is averted it will be by the greatest good luck.

The distance for all the events is one mile straight away from McCombs dam bridge to a point below Madison avenue bridge, finishing up the river in the morning and down during the afternoon. There was only a fair sprinkling of spectators when the first race started, but with each succeeding race the crowds increased. Some of the club houses along the course were decorated in recognition of the regatta.

Junior double sculls, won by the Harlem Rowing club of New York (J. J. Powers, Jr. and J. T. Thies, Jr.). Time, 5:28. Junior single sculls, won by the Harlem Rowing club of New York (J. J. Powers, Jr.). Time, 6:24. Junior double sculls—Second trial heat won by H. E. Hilders, of the New York club of Fishing, N. Y. Time, 7:02. N. S. E. second, Time, 7:07. Senior four-oared shell—Won by Harlem Rowing club of New York. Time, 10:00. New York went overboard at the three-quarters mark and the referee gave the race to Harlem.

SLAVES OF THE DIAMOND. Reading, Pa., Sept. 6.—Manager Long of the Reading Atlantic League club writes from Paterson, N. J., that the Baltimore club has bought both First Baseman Carey and Pitcher Garvin, who were recently awarded to the Reading club by the national board.

THE STAMP FLIRTATION.

Once more we print the postage stamp flirtation, many having asked for it. The Buffalo News. This is its regular semi-annual appearance:

1. Stamp placed upside down on the left-hand corner of the envelope signifies—I love you.
2. Same corner, crosswise—My heart is another's.
3. Same corner, straight up and down—Good-bye, sweetheart.
4. Upside down on right-hand corner—
5. In center at top—Yes.
6. In center at bottom—No.
7. On right-hand corner at right angle—Do you love me?
8. On left-hand corner at right angle—I hate you.
9. Top corner at right—I wish your friendship.
10. Bottom corner at right—I ask your acquaintance.
11. On line with surname—Accept my love.
12. The same, upside down—I am engaged.
13. At right angle, same place—I long to see you.
14. In the middle at right-hand edge—Write immediately.

SKAGUAY SUCKERS

Camp at Skaguay to Be Rid of Lawless Element By the Government.

TO OPEN WHITE PASS

Toughs Blocked the Pass So That They Might Fleece Tenderfeet.

Seattle, Wash., Sept. 6.—The authorities of Alaska have awakened to the serious nature of the situation of the White Pass and Yukon route. As the opening of the camp at Skaguay, as now constituted, possibilities for crime and various other evils of great magnitude. Steps have been taken to break up the camp by dispersing the lawless element that has gathered there from every state in the Union.

Col. Chadbourne, state harbor commissioner of California, who was a passenger on the steamer Queen, brought down advice to the above effect. Col. Chadbourne says that Collector Ives and a force of deputy United States marshals had determined to raid the camp of Skaguay and clean out the whisky smugglers and saloon keepers. The authorities are of the opinion that the camp of the disorderly element is utterly unable to cope with the disorderly people in the camp. It was the refuge of the worst class of criminals. These, with the whisky men, had combined to block the White Pass and to keep the tenderfeet there all winter and fleece them as long as there was a dollar left in the camp.

Serious as is the situation at Skaguay and White Pass, as portrayed by letters and by men returned from the camp, discomfited and appalling as is the condition of the miners, the mountain barrier between the two gold hunters and the paradise on the other side, the accounts published from time to time seem to have but faintly portrayed the actual state of affairs. Made desperate by their failure to get over the trail and by the terrible hardships that they have been compelled to endure in the lawless struggle against the odds of the past weeks, the miners have become suspicious of each other and quarrels are of hourly occurrence. Every man's hand is raised against every other man, and lawless characters are much in evidence and disorders and disorders have broken out among the miners as a thing as co-operation is impossible.

Governor Brady is quoted as saying that the situation is such that the camp at the National association, the races of which began at 9:30 o'clock on the Harlem river. There are fifty-four entries from clubs of New York, Brooklyn, Philadelphia and Newark, and they are well distributed over the eleven miles of the river. The regatta is a party of twelve, with drawn revolvers, loaded rifles, announced their intention of going to the regatta. They passed a guard of mines and set out for the summit. The committee was called to order by a member of armed men sent to head them off. It trouble is averted it will be by the greatest good luck.

CHILKOOT PASS PASSABLE.

Which Is Far Different From White Pass at Skaguay.

Juneau, Aug. 29.—(Special correspondence of the Associated Press.)—The steamer City of Kingston, Farrallon, Elder, Rosalie and Queen have brought upwards of 300 people from the sound ports and San Francisco, together with horses, cattle and sheep, etc., during the past few days, carrying about the entire cargo in each instance to Dyea or Skaguay. Those landed at Dyea are getting over the Chilkoot pass all right, but none as yet have gone over the White Pass via the trail, and down during the afternoon. There was only a fair sprinkling of spectators when the first race started, but with each succeeding race the crowds increased. Some of the club houses along the course were decorated in recognition of the regatta.

Junior double sculls, won by the Harlem Rowing club of New York (J. J. Powers, Jr. and J. T. Thies, Jr.). Time, 5:28. Junior single sculls, won by the Harlem Rowing club of New York (J. J. Powers, Jr.). Time, 6:24. Junior double sculls—Second trial heat won by H. E. Hilders, of the New York club of Fishing, N. Y. Time, 7:02. N. S. E. second, Time, 7:07. Senior four-oared shell—Won by Harlem Rowing club of New York. Time, 10:00. New York went overboard at the three-quarters mark and the referee gave the race to Harlem.

SLAVES OF THE DIAMOND.

Once more we print the postage stamp flirtation, many having asked for it. The Buffalo News. This is its regular semi-annual appearance:

car at Chicago, bound via Bering straits for St. Petersburg, and the dream of Governor Glavin will be realized."

Mr. King is on his way East from Seattle, where he has outfitted a party for the Klondike. He believes that the next steamer from the gold fields will bring down \$1,000,000, and that about 10,000 men will go into the gold region next spring.

A THEATER PANIC.
Caused By a Fire in a Cinematograph Exhibition.

San Francisco, Sept. 6.—A fire in the Orpheus Variety theater just before the close of last night's performance created much excitement and a panic, and which loss of life was narrowly averted. The casualties were confined to slight injuries to a few persons.

In the place there was an electrical apparatus known as the cinematograph, which pictures are thrown on a white ground on the stage. It is operated from a small closet built on the front of the gallery, the sides of the closet were of muslin. This material caught fire and began dropping in blazing flakes on the heads of the audience below.

A cry of fire was raised and a rush for the exits was made. One man pushed his arm through a glass door and was badly cut. An elderly lady was thrown down and trampled on, but revived and taken away by her daughter. A man jumped from a second story window and his head was cut in several places.

The fire was extinguished before it spread. Within a few minutes the excitement had subsided and the performance was continued to the end of the program, with the exception of the cinematograph pictures.

A CELESTIAL WHEELMAN.

Grand Rapids Chinaman Wins a Bicycle Race Easily.

Niles, Mich., Sept. 6.—Foo Lee, an up-to-date just-like-Melican man, Niles Chinese laundryman, is the first of his countrymen to win a bicycle race in the United States. Some months ago Foo was persuaded to buy a bicycle and in a few weeks was able to ride as well as the best of the local boys. He has been making good his boasts to "make an all go and run fast off."

He knew more proficient on the wheel and at a carnival of sports he had entered in one of the events, and this attraction had the effect of bringing out a large number of spectators. Foo entered some fast riders, but they were not in it with the Chinaman, as he beat them handsomely. Foo is now trying to induce Foo Lee to give up the laundry business and devote himself to racing.

UNION PACIFIC FORECLOSURE.

Action May Be Delayed Until Congress Meets.

Kansas City, Mo., Sept. 6.—Senator W. A. Harris has passed through the city today on his way to Washington. Senator Harris is a member of the senate sub-committee on Pacific railroads, and was summoned to Washington by the Senate. Harris, who is chairman of the committee, stated that he and Senator Foraker would appear to the attorney general to discuss the foreclosure of the Union Pacific railroad until after congress had convened.

The Kansas senator is one of the best posted men in the senate on Union Pacific affairs, and will endeavor to show the United States that the railroad will suffer unless action is taken by congress to protect the government.

BOUNCE THE INTRUDERS.

Government Will Purge Cherokee Strip of the "Sooners."

Sylom Springs, Ark., Sept. 6.—From press indications trouble was following an attempt to elect the intruders from the Cherokee nation. When the Cherokee strip was sold, the government promised to put out all the intruders, but upon one technicality or another they have managed to remain. The government has decided to make a firm stand, however, and has ordered their removal. There are 500 of them and Agent Wisdom will undertake the task at once.

Word from the nation today says there will be resistance on the part of some of those ordered to go and so-called "sooners" are being held in readiness at Fort Gibson. Some of the intruders have appealed to the United States court and will ask for an injunction restraining the agent until their status as citizens can be more definitely determined.

MEAT INSPECTORS NEEDED.

Washington, Sept. 6.—The agricultural department is finding difficulty in supplying the demand from the live stock centers for inspectors required to examine the dressed meats for foreign shipments. There has recently been a very pronounced improvement in the European market for American meats, and the law requires should be inspected before it is shipped, and as a consequence inspectors are called for from Chicago, St. Louis, Kansas City, Omaha and other Western points. The shortage in inspectors is due to the fact that the civil service list includes no eligibles for the work. The department has been temporarily supplied by permitting the re-employment of persons who have been heretofore engaged as inspectors.

TRADES UNION CONGRESS.

Birmingham, Eng., Sept. 6.—The trades union congress met here today. There are 1,200,000 unionists. The parliamentary committee reported that the congress was the largest ever held in the United States. The congress is based on the principles of equity and justice, and is not far distant from the cause of labor and a general alliance and improper advantage.

ROBERT BLAKEY DEAD.

New York, Sept. 6.—Robert Blakely, president of the advisory board of the international commercial congress, died last night at his home in New York. He was 60 years of age. Blakely was one of the best known men in the city.

DEADLY VISITOR

Ocean Springs, Mississippi, Officially Declared to Be Yellow Fever Stricken.

RIGID QUARANTINE

Pleasure Steamers Will Give the Place the Go-By--New Orleans Anxious.

New Orleans, La., Sept. 6.—President Olliphant of the Louisiana board of health, sent a telegram to that board here at 10 o'clock, confirming the report that the physicians at Ocean Springs had declared the prevailing sickness undoubtedly yellow fever. The doctors of three states come to this conclusion after holding an autopsy on the body of a person who died yesterday.

Couriers are now skimming around the city for sufficient members to make up a quorum of the state board of health in order to declare quarantine against Ocean Springs, which is about 100 miles from this city. Rigid precautions will be taken to absolutely isolate the springs and it is confidently hoped here by leading physicians that the disease will be successfully kept from spreading to this place. A case in point is that of Biloxi, where the disease was introduced by a pleasure steamer, but the medical men were successful in confining the sickness to that city.

There is little or no alarm here, but sojourners on the coast are returning to the city and will spend the balance of the summer at home. The result of the quarantine will probably be the taking off of the excursion and regular trains which run to Ocean Springs, and the pleasure steamers, which touch at the various resorts along the Mississippi sound.

The fever has been prevalent at Ocean Springs for some time. Two weeks ago, after a careful investigation, the Louisiana authorities declared the disease to be dengue, which it probably was at that time, the disease being mild and the death rate being trifling. During the past week, however, the disease has become more virulent and is probably developed into yellow fever.

The state board of health has decided to enforce a rigid quarantine against Biloxi and Ocean Springs. Quarantine will also be enforced against the other waterways to keep the disease out of the state. President Olliphant returns and more light is obtained on the situation. Guards are to be put on the steamers at the stations, all baggage is to be fumigated and every precaution is to be taken to keep the disease out of the city. The Louisville and Nashville trains have been stopped at Biloxi and Ocean Springs. The houses of all people who have returned to New Orleans within two days are to be thoroughly fumigated.

IT IS YELLOW FEVER.

So Say the Southern Boards of Health.

Jackson, Miss., Sept. 6.—Governor McLaurin has just received the following telegram from the two members of the state board of health, who went to Ocean Springs, Miss., yesterday, to investigate the yellow fever scare. After a very extensive investigation, every member of the board has formed a unanimous opinion of the presence of Louisiana, Alabama and Mississippi. The board of health has decided to enforce a rigid quarantine against Biloxi and Ocean Springs. Quarantine will also be enforced against the other waterways to keep the disease out of the state. President Olliphant returns and more light is obtained on the situation. Guards are to be put on the steamers at the stations, all baggage is to be fumigated and every precaution is to be taken to keep the disease out of the city. The Louisville and Nashville trains have been stopped at Biloxi and Ocean Springs. The houses of all people who have returned to New Orleans within two days are to be thoroughly fumigated.

A LEGISLATIVE VICTIM.

Hon. S. S. Campion Succumbs to Yellow Jack.

Jackson, Miss., Sept. 6.—A telegram from Edwards, Miss., about thirty miles west of here, states that Hon. S. S. Campion, a member of the state legislature since 1889, and a prominent politician, died there yesterday evening from what was supposed to be yellow fever. A family of nine persons, named Anderson, living near Edwards, had been sojourning at Ocean Springs. After their return seven of the family were taken sick and Mr. Campion visited the family to inquire after their health. Two or three days afterwards, Mr. Campion was taken sick and died yesterday. The attending physician pronounced the case one of yellow fever.

IRON CLAD QUARANTINE.

Which May Be Enforced By Shot Guns In Texas.

Austin, Tex., Sept. 6.—State Health Officer Swearingin this morning issued ironclad quarantine against Ocean Springs, Mississippi and all other points affected or likely to be affected by yellow fever. It will go into immediate effect and last indefinitely. Reports from the Gulf coast are to the effect that the inhabitants are badly frightened at the prospects of yellow fever entering the state, and some of them are talking of reorganizing their shotgun quarantine force which patrolled the Gulf coast for many years ago to keep out all persons and thereby prevent the disease from entering the state.

LABOR DAY BASEBALL.

HITS MAYOR ALSO

Takes Him to Task For Dispensing With the Police Matron's Services.

Two weeks ago Dr. G. H. Humason preached of Cuban affairs at the Methodist church in this city and took occasion to denounce Gen. Weyler for his inhuman treatment of Senorita Chieros, about whom so much has been said. Yesterday Dr. Humason received a letter from a member of the American consulate at Havana commending him for the stand he had taken, an account of which he had read in a New York paper. With this letter as a text Dr. Humason proceeded to give Gen. Weyler another dressing and suggested that it would be a good thing if he could be tied to a whipping post where he could hear the wail of a cat-o'-nine tails.

With Gen. Weyler disposed of, Dr. Humason said that any nation which degraded womanhood as he was doing could not prosper, and that the people that were the strongest and most powerful were those who gave women the most consideration. This gave him an excuse for again criticizing Mayor Truesden for having dispensed with the services of the police matron as a measure of economy. He said that the very fact that this important position had been abolished would have an adverse influence on public morals and would work more injury than the salary saving of \$600 a year was worth. Dr. Humason frankly admitted that he had not investigated the necessity for a police matron and did not care whether she had anything to do or not from one year's end to the other, but he argued that the very fact that a competent woman was within call to perform duties which only a woman could decently attend to in certain emergencies was worth to the community all that she cost. He maintained that it was not necessary for him to look into this question in order to discuss it—the action of the mayor was ill advised on the face of it—he did not have to investigate it. He said he expected that the mayor on this subject would not be pleasing to many, but he would not help it.

In this concluding remark Dr. Humason measured the sentiment of his congregation correctly. At the conclusion of the services a gentleman who is a regular attendant at the Methodist church made a warm address of the pastor, was heard to remark: "Dr. Humason has said many things with which I could not agree, but it is the first time I have known him to be logical. When he admitted that he had not investigated the necessity for a matron at the police station he admitted that he was not a warm advocate of his services. It is a reasonable presumption that the mayor acted with a full knowledge of the facts."

PROGRESS OF THE WORK.

Excellent Showing Made on Pipe Laying Last Week.

Work on the trench between Lakewood and Lester river was pushed rapidly last week, an account of a day being made, the bell holes being put in and everything put in readiness for the pipe. Contractor McDonnell has 188 men and seventeen teams employed on this portion of the work. The trench will be completed to the rock cut east of Avenue A, about eight blocks from the river in a very short time. The work of cutting through the rock from this point to the river has been partially done by the city, but the cuts will have to be bottomed out and finished.

The trench will be completed between Sixty-third and Fortieth avenues east of the river in a very short time. The rock cutting in this section will be completed in about eight days and then the dirt will be hauled in. The trench will be ready for the pipe by Oct. 1 at the latest. The pipe-laying will begin at once, occupying about three days, and in another week the test will have been made and the work of back-filling started.

Work on the trench west of Fortieth avenue east, which has been delayed for a few days pending the arrival of some pipe, will be resumed tomorrow morning.

CATARH CANCER CURED. With LOCAL, a cure for catarrh, which cannot reach the seat of the disease, Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quick medicine. It is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surface. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. For testimonials, free, write to P. J. CHENEY & Co., Props., Toledo, O. Hall's Family Pills are the best.

HOME-SEEKERS' EXCURSIONS. Very low excursion rate South and West, on Sept. 7 and 21, via "The North-Western Line." (Quincy railway.) Full information at 405 West Superior street.

Detroit and return, \$10, via Duluth, South Shore & Atlantic, St. Ignace and steamer. See page 2 for full particulars.

Pure Blood Is the basis of good health, steady nerves, physical and digestive strength. If you are nervous, enervated and purify your blood with Hood's Sarsaparilla. If you are weak, have no appetite and desire to be strong, healthy and vigorous, take Hood's Sarsaparilla, which will tone your stomach, create an appetite and build you up.

Hood's Sarsaparilla The Best—In fact the One True Blood Purifier.

Hood's Pills cure nausea, indigestion, biliousness, \$1.00 per box.

The Woman, The Man, And The Pill.

She was a good woman. He loved her. She was his wife. The pie was good; his wife made it; he ate it. But the pie disagreed with him, and he disagreed with his wife. Now he takes a pill after pie and is happy. So is his wife. The pill he takes is Ayer's.

Moral: Avoid dyspepsia by using Ayer's Cathartic Pills.

INSPECTOR WESENBERG.

Tells of His Work at West Duluth.

To the Editor of The Herald: In last Saturday's issue, The Herald has taken local mention from West Duluth.

J. Wesenberg, of Woodland, is now acting as health inspector for the West Duluth district. Freeman Keene and C. M. Batsford having been relieved from their positions by the board of health. Mr. Wesenberg will find little to do in this part of the town, as it has been thoroughly cleaned and sanitary conditions can scarcely be improved.

Possibly C. J. Wesenberg, of Woodland, may not find much to do in looking after sanitary conditions in West Duluth, but allow me to say that since J. C. Wesenberg, of Lakeside, went on duty as health inspector in West Duluth, he has found West Duluth the dirtiest hole in the city, and certainly far from fulfilling reasonable sanitary conditions. In four days I have had less than forty-eight loads of abominable refuse hauled to the dump, and have served thirty-five notices to clean out the city. In one instance a prominent real estate man admitted that his place needed cleaning out but had no money to pay for it. As his excuse, that there were many other places far worse than his—and that was a standing invitation to cholera and diphtheria and pestilential attacks generally. This man—himself a resident of West Duluth—admitted honestly that the alleys in West Duluth are in a very bad sanitary condition. And the evidence of my own eyes and nose attest strongly to that same fact.

I do not wish to give any impression that the residents of West Duluth are more negligent and less clean than the people in other parts of the city, their facilities for cleanliness are perhaps not as good as in other parts of the city. But I do say, that there is abundant work for the health inspector who does his duty in West Duluth. Respectfully, J. C. WESENBERG, Of Lakeside, Duluth, Sept. 6.

AMUSEMENTS.

MARIE BELL OPERA COMPANY. Tonight the Marie Bell Opera company will open the season at the Lyceum. The opera that has been seen is "Fra Diavolo." The Memphis Amusements of the production. Not in years have the people of Memphis had an opportunity of seeing such all around perfect presentation of light opera as has been given by this company. The choruses were well drilled and were given with precision which indicated diligent rehearsal, while the finale of the act was strong and very dramatic, yet without any overdone effect. The choruses were well drilled and were given with precision which indicated diligent rehearsal, while the finale of the act was strong and very dramatic, yet without any overdone effect. The choruses were well drilled and were given with precision which indicated diligent rehearsal, while the finale of the act was strong and very dramatic, yet without any overdone effect.

J. Randall Brown, spiritualist, gave a performance at the Lyceum last evening before a fair sized audience. Being to the illness of Mrs. Brown, he explained, he was not able to give the best of his usual entertainment. The program which he gave consisted principally of mind-reading feats, and they were all well done, but none were remarkably new. In fact, the entire performance did not present anything particularly new. This was probably due to the absence of his assistant.

"O how full of beans is this working day worked." As you like it, Act 1, Scene 3. Avoid all you can of them and Ponds' Extract will soon cure effects of them.

Smoking Fires Out.

A volume of smoke rolling out of the front of Campbell & Dora's saloon, 265 West Superior street, caused the fire department to be summoned to the place. The smoke was caused by a fire in the stove, which was found by the firemen to be caused by a sulphur smudge set to rid the place of flies.

\$10—DETROIT AND RETURN—\$10.

LEAVE DULUTH 6:30 P. M. SEPT. 7. ROUTE—Duluth, South Shore & Atlantic railway to St. Ignace, thence via Detroit and Cleveland steamer (coast line) to Detroit.

LIMIT—Tickets will be good to return on steamer leaving Detroit Sept. 20, 11 p. m., or any steamer before that date.

ITINERARY—Leave Duluth Tuesday, 6:30 p. m., arrive St. Ignace 9:55 a. m. (one night's rail ride). Transfer to steamer City of Alpena at once. Arrive Detroit Thursday morning (twenty-four hours' delightful lake trip along the west shore of Lake Huron on one of the finest steamers on the coast).

T. H. LARKE, Com'l Agent, 426 Spaulding House block.

Half Rate Excursions.

SOUTH AND WEST. Via St. Paul & Duluth railroad, Sept. 7 and 21. Round trip tickets at one fare plus \$2 to points in Alabama, Arizona, Arkansas, Colorado, Florida, Georgia, Indiana, Kentucky, Iowa, Kansas, Kentucky, Louisiana, Minnesota, Mississippi, Missouri, Nebraska, New Mexico, North Carolina, South Carolina, North and South Dakota, Oklahoma, Tennessee, Texas, Utah, Virginia and Wyoming. Tickets good for stop over. Full particulars, tickets, 322 West Superior street, Providence building.

\$10.50—TORONTO AND RETURN—\$10.50. Via Duluth, South Shore & Atlantic railway. Tickets on sale Aug. 28 to Sept. 4. Return limit, Sept. 18.

SCHOOL BOARD

Conflicting Reports on the Plastering of the Webster School.

COURSE OF STUDY

Exhaustive Report From the Committee on That Subject—Other Matters.

At the meeting of the board of education Saturday evening two communications were received from plasterers of the city about the work on the Webster school. One communication, which was signed by eight plasterers, stated that the signers had examined the work, and while they found that the work was well done in all respects an inferior quality of plaster had been used, and in three places large patches of it had fallen from the wall. The plasterers stated that since the building had been completed, the idea of the board of education was to urge the board not to accept the plastering with its present plastering. The plasterers stated that the charges of the use of inferior plaster grounds. They recommended that the board of education should have the plastering done over by a high order plasterer. The committee was referred to the proper committee.

The committee appointed to consider the advisability of revising the courses of study in the schools made its report. The plan offered for extending the high school course to six years was not received favorably by the committee. It was decided that while there is some argument in favor of adding some college studies to the high school course, as to bringing the higher education nearer to the people, there is not much to be gained for such a departure here.

The committee voted against the 5-year course for the grades, principally on account of the expense. The idea of the committee in its report was to suggest the most advantageous courses for eight years of study. The idea of the committee in its report was to suggest the most advantageous courses for eight years of study. The idea of the committee in its report was to suggest the most advantageous courses for eight years of study. The idea of the committee in its report was to suggest the most advantageous courses for eight years of study.

ASSAYS SHOW UP WELL.

Gus Schroeder, the ex-politician, who is now engaged in prospecting for gold in Duluth hills, has had an assay made of rock taken from a vein at night. The assay showed that the rock is rich in gold, and the result has given him great encouragement. The assay showed that the rock is rich in gold, and the result has given him great encouragement.

A DECREASE NOTED. During the past week a less number of visitors at the West Duluth free reading room than for several weeks past. The falling off was due to the warm weather and the numerous outdoor attractions, which are more numerous than ever during the present month.

WEST DULUTH BRIEFS.

The West Duluth club has decided to issue a card to the members of the club for a game to be played at that place some day during the last week of the month.

Mrs. Robert McKiever is in St. Paul attending the state fair.

Miss E. E. Hollister, of Minneapolis, has organized a class in physical culture at the West Duluth club.

S. J. Nygren is closing out his stock of mixed paints at cost—96¢ per gallon.

O. E. Scholten, who has been in business in West Duluth for several years, has moved to West Superior. He has accepted a position with St. Paul firm to run a branch store in Foston.

The infant child of Fred Severn, of Fifty-seventh avenue west, died Saturday of cholera infantum.

Louis Le Beau, of the Le Beau lumber company, is seriously ill.

The sawmills at New Duluth were troubled last week with high water caused by the recent rains from the northeast. Heimbech's engineering was called in and the mill was obliged to stop work for a short time.

E. J. Bouska reports the arrival of a deer at his home on Fifty-seventh avenue west this morning.

Dr. I. T. Burnside and E. J. Phelps, with their families, spent yesterday at Pike lake.

Mrs. Connell, of Marquette, Mich., wife of Conduche Connell of the Duluth, South Shore & Atlantic railroad, is visiting at the home of Mr. and Mrs. J. A. Kinkwood.

Don't fail to avail yourself of the closing out sale of paints at Nygren's. \$1.40 per gallon. Reduced to 96¢. 6¢ cents buys \$1.40 worth of paint at S. J. Nygren's.

Detroit and return, \$10, via Duluth, South Shore & Atlantic, St. Ignace and steamer. See page 2 for full particulars.

Pure Spring Water. Delivered daily. Telephone orders to Stewart's livery, telephone No. 234.

The evening paper is always carefully read, especially in the home circle, and is therefore an excellent advertising medium. Advertisers in The Evening Herald always get full value.

AT WEST DULUTH

Labor Day Is Being Generally Observed In Spite of Bad Weather.

Practically all business in West Duluth is suspended today and the people generally are observing Labor day. The mills and shops of all kinds have shut down on account of the holiday, with the exception of saloons, cigars and candy stores are closed. Beginning early this morning the people left the Duluth hills in holiday attire to witness the parade, few being deterred from taking the holiday by the threatening weather. Tonight at Great Eastern hall the day's festivities will be given a fitting termination by a dance under the auspices of the Sawmill Workers' Protective union.

SCHROEDER'S GOLD

Has Received Assays That Show Free Gold—Will Push Explorations.

THE SAULT PASSAGES.

Sault Ste. Marie, Mich., Sept. 6.—(Special to The Herald.)—Up: Kirby, Hart, 10:30; Wilson and whitebacks, 10:30; Onoko, Portage, 10:40; Cherokee, Chippewa, Saturn, 10:40; Valance, 10:40; Northern King, 10:40; Flak, 10:40; Bangor, Vulcan, 10:40; Japan, Chocoma, 10:40; Maritana, 10:40; Fred Kelly, New Star, Outlaw, 10:40; Barr, 10:40; Penolcott, Iron Age, Iron City, 10:40; William Chisholm, Iron City, 10:40; Down: St. Andrew, 10:40; Harper, Tyrone, Iron Duke, Iron State, 10:40; Hertz, Mark, 10:40; Senator, 10:40; m.
